

## ***League Secretary of the Year - 2018*** ***Robert R. Rolinski***

Each year an exceptional league secretary is selected to represent the many league secretaries who devote their efforts in making sure the league is run effectively and that the bowlers enjoy the competition that bowling offers. Many times we see leagues getting smaller and eventually disband because the secretary doesn't properly perform their duties. When the duties are performed properly and on time it makes the job of association manager much easier.

It's not an easy job being the enforcer of the USBC and league rules and it takes a certain skill to enforce the rules and still make everyone happy. League secretaries are paid a modest amount of money for the time and effort they devote to their league. It is mostly a labor of love!

Rob is the league secretary for the Sandy's Misfits league at Maplewood Lanes in Saline and just completed his twenty-sixth (26) year as league secretary. He took over the secretary duties from Judy Buchta at the start of the 1992-93 season. He is dependable and takes his responsibilities to heart.

We thank Rob for his service to the bowlers in the Sandy's Misfits league and the Arbor Valley USBC Association.
