

## **Highlights from the Michigan State USBC Women's Bowling Association State Meeting**

The final meeting of the Michigan State USBC WBA was held in Frankenmuth, Michigan on June 8 and 9, 2018.

On Friday night there was a delegates and invited guests party where we were treated to a show by Re-Creation, a musical group who performs at VA hospitals and state veterans homes. Earlier in the day there was a "garage" sale of WBA logo items and also some handmade items that raffle tickets could be purchased for, with drawings taking place later at the party. All proceeds, which totaled over \$1000, were donated to the BVL.

On Saturday, the annual meeting opened with the memorial service to recognize deceased Michigan USBC members from the previous year.

Due to the upcoming merger into the new Michigan State USBC there were no elections or proposals to be voted on.

Speakers from the Michigan State USBC BA, Youth, Mixed Tournament, and Seniors Tournament gave updates on each of their areas. Ann Block reported on the results from the Michigan Queens Tournament and Martha Boron reported on the Mid-West Tournament and informed us that 2019 tournament will be held in Battle Creek. Information on the tournament results can be found on each of these group's websites.

Mark Martin from the Metro Detroit USBC led an informational session on the new bowling ball changes which will take effect on August 1, 2020. Information on these changes can be found on [bowl.com](http://bowl.com).

There was no old business and the meeting was adjourned with the dissolution of the Michigan State USBC Women's Bowling Association.
