Anyone new picking your child up must present a photo I.D. that will be verified with the child's information before being allowed to take the child. **No phone call permission will be allowed.**

Child Custody Issues

KidFit will not be a place for custody drop off or pick up. For Example: If you are divorced and your spouse is supposed to pick your child/children up for the weekend, they cannot be transferred to them through us. You must sign your child out then have the transfer done on another property. Please provide a place for this transition to take place other than our facility. **If you have custody of your child and you do not want the other parent to pick your child up from KidFit: Legally, KidFit staff cannot hold a legal parent from picking up their child.** However, if you have given the Director a legal document stating that the parent has no legal right to the child, we then will not allow that individual to pick up the child. We will not be keeping up with your visitation schedule. For Example: "Jane will be picked up by her daddy every other Thursday." Our staff will not be responsible for who has visitation and when.

In situations such as divorce, parents must provide the facility with court documents stating each parent's custody rights. We as a childcare facility will go by the guidelines set by the court order documents. We will not allow children to be called for "conservation purposes", while a child is at KidFit. Meaning, if the parents are divorced or separated, and is not living together or does not have sole custody of the child registered; we will not be the "communication center" for that parent to call their child. The Parent will be asked to communicate with their child through the other parent and not while attending KidFit.

Section 3 **Staff Qualifications**

All our staff are highly educated and dedicated to your children and their safety. All our staff must have experience with working with children and must possess certain qualities in order to be good role models for your children. All staff members receive background checks to ensure they have no criminal background of any sort.

All our staff must receive certain trainings and certifications in order to care for your children. Section 5 Policies and Procedures

Discipline Policy and Philosophy

We would like to take the opportunity to share with you our policy on discipline. We will inform you on the difference between discipline and punishment, how we will communicate with you, the parent, about your child's behavior, appropriate techniques for discipline, types of punishments that we do not allow at KidFit, and our staff training. Our mission here at KidFit is to put in place policies which will help your child learn self-control, they will be taught the appropriate behavior, the reasons the behavior is appropriate, and how to behave in everyday situations. This process of learning self-control takes time, just as learning ABC's and counting to 100.

The difference between discipline and punishment

Punishment refers to inflicting negative consequences to control behavior through fear and intimidation. Spanking, yelling, and humiliation are all forms of physical and emotional abuse. These punishments will cause a child to have poor self-esteem, and it does not teach Self-control.

Communication between our facility and parents on discipline issues

Each parent will be given our policy, which will be signed on enrollment day. A behavior report will be completed if a child demonstrates inappropriate/unacceptable behavior occurs. The parent will sign and return it to the director, and it will be put into the child's file for future reference. If behavior is not corrected, a conference will be scheduled with the parents. After the child has been disciplined and written up three (3) times, the child may be expelled from the program. If a child causes harm to himself or other children, a parent conference will be conducted. If there is no improvement in his/her behavior the child will be expelled from the program. If the child's behavior is not corrected by our techniques of

discipline, (listed below) the child may be suspended. If a child has inappropriate/unacceptable behavior that cannot conform to the program and has been given 3 three behavior reports, the child may be expelled from the program. If at any time, a child's behavior becomes uncontrollable and is a threat to staff or other children, the parent will be called to pick the child up and he/she will be expelled from the Program.

Our techniques for discipline:

1. Separate the child from the behavior.
2. Redirect the behavior.
3. Give the child acceptable choices.
4. Use positive language.
5. Give natural or logical consequences.
6. Refuse to argue on nonnegotiable issues.
7. Time out

Punishments not allowed at KidFit:

- Corporal punishment, including hitting of any kind, shaking, pinching, biting back, or other measures that produce physical pain
- Withdrawal the threat of withdrawal of food, rest, or bathroom opportunities.
- Abusive or profane languages
- Any form of emotional abuse, including threats of physical punishment.
- Any form of emotional abuse, including rejecting, terrorizing, ignoring, isolating, or corrupting a child using any food product or medication in any manner or any purpose other than that of which it was intended Inappropriate discipline behavior, which includes but is not limited to, putting soap or pepper in a child's mouth. Isolation out of the view of a caregiver Staff training on discipline issues is an ongoing process here at KidFit, we also believe in positive reinforcement.
- All staff members will be trained periodically on how to handle discipline issues in their classrooms. As situations arise and new information becomes available our staff will be required to attend training sessions to keep them informed on skills and knowledge to be an effective caregiver. New staff members will be required to attend a new employee orientation and discipline workshop. We will hold ongoing training which will keep our staff trained by way of brainstorming, biweekly meetings, roleplay, workshops, and professional literature. We currently have in place several reward programs to help keep the kids on track, with hopes they will be encouraged to have good behavior.

Positive Reinforcement

1. Children also could receive " KidFit Bucks". I personally enjoy seeing the children respond to getting a KF Buck! They save their KF Bucks, and they can go into the KF Buck store to purchase prizes!
2. Each Counselor will choose one "Camper of the Week". The Camper of the week will receive a certificate and a treat.
3. Caught Being Good - Where the child receives a "ticket" for being good, which they put into "Marvin the monster's mouth" until a drawing is held for several rewards; such as: Receiving candy, other small treats, and or being able to sit on the couches or bean bag chairs during our "Fun Day Friday".
4. Each Friday, we have a "KidFit Rewards Roundup", at this time we have popcorn and movie, and the children will be recognized for their good behavior.

Emergency Procedures

Sunscreen

During the summer and spring vacation breaks, each family must provide sunscreen for their child. All bottles must be labeled with the child's name. Staff will supervise the application of sunscreen. If your child burns easily, we ask that you apply sunblock prior to coming to camp.

Withdrawal from Program

Parents are required to **give 2 weeks' notice** before removing their child from the facility. If the parent decides to withdraw a child and they have not given us a two week notice we will continue to draft your account.

Child Pick Up

All summer camp children must be signed in and out of the facility by an authorized individual, children will not be released to anyone not on the list. Strictly enforced. **Pick up time is 4:00-6:00 pm**. If your child will need an earlier pick up, please send a note in, or call the office at least **24 hours prior** to pick up time needs. We will arrange someone to be available to bring your child to your car.

Lost and Found

All lost and found will be kept in the lobby of the facility and should be checked daily. We will pass the lost and found bin around to the children's class to help with identifying lost articles. At the end of every month, any items left will be donated to charity.

Custody Issues

In situations such as divorce, parents must provide the facility with court documents stating each parent's custody rights. We as a childcare facility will go by the guidelines set on the court documents. We will not allow children to be called for "conservation purposes", while a child is at KidFit.

Meaning, if the parents are divorced or separated, and is not living with a particular parent/parent doesn't have sole custody of the child registered; we will not be the "communication center" for that parent to call their child. The Parent will be asked to communicate with their child through the other parent and not while attending KidFit.

All the children in the KidFit Program are entitled to a safe, supervised, and supportive environment while in our care. The KidFit Staff will use positive reinforcement, consistency in following routines, and enforcing reasonable limitations as tools to avoid unwanted behaviors. Our goal as a staff team is always to help children develop and maintain self-control in the group activities & settings with which they are presented. Staff members shall not: a) discipline children for failing to eat or for soiling themselves, b) use hitting, shaking, or any form of corporal punishment, c) use abusive language, ridicule, harsh, humiliating, or frightening treatment or other forms of emotional punishment, d) engage in or inflict any form of abuse and/or neglect, e) withhold food, emotional responses, stimulation, or the opportunities for rest or sleep, or f) require a child to remain silent/inactive for an inappropriately long period of time for the child's age. When a child does exhibit unwanted behavior, the child will be warned and explained why such behavior is unacceptable. Should the behavior persist, the child may be separated from his/her peers for a time appropriate to the child's age, to cool down and have a more in-depth discussion with a staff member. The child so removed will either be under the supervision of another staff member or continuously visible to a staff member. If the behavior continues, a discipline report will be filled out, then reviewed with and signed by a parent upon pick-up. Serious behavior infractions may warrant an immediate report and even a phone call requesting pick-up. Ongoing inappropriate behavior, uncontrollable tantrums/angry outburst, chronic disrespect of other campers and/or staff, consistently not obeying camp rules, or any ongoing verbal or physical abuse of other students/staff will result in suspension from the program until a conference can be arranged with the Director to discuss an action plan. Immediate expulsion from the program would be necessary if: a) a child is deemed by program staff to be at risk of causing injury to him/herself, other children, or staff members b) if a parent exhibits verbal abuse to staff, especially in front of enrolled children, or c) if a parent threatens physical violence or shows intimidating actions toward staff members. Additional parental actions for temporary suspension or permanent expulsion could result from failure to complete required forms, falsifying information on required forms, failure to pay, habitual lateness in payments, and habitual tardiness when picking up child/children). There will be no credits/refunds for suspensions or expulsions.

HOMWORK AGREEMENT

Among the many activities available to children in the KidFit Program, homework help/study time is typically provided from 3:30-4:00 pm, Monday-Thursday, where 1-2 staff will be available to provide children a quiet space away from the rest of the group to complete homework assignments. Rather than assigning your child to this time, we request that parents inform us if this is a priority for their child on this form. Discussion between the parent and child is encouraged so that there is an understanding of parents' expectations. KidFit staff do not have communication with your child's teacher and cannot know the assignments of every child. KidFit staff do not check folders or assignment books when a child says they have no homework. KidFit staff do their best to assist children with the completion of assignments, however, constant one-on-one help is not available, and it remains the responsibility of the child to take advantage of the time and support that is offered.

Please indicate your preference after discussion with your child:

Yes, I would like my child to participate in the designated time to do homework.

No, I prefer to have my child do their homework at home.

My child is in Kindergarten and therefore has no homework.
