

West Side Family Preschool Summer Session 2023

At West Side Family Preschool, we are a mixed-age group community. our general age group varies from 1 year - 5 years old. Our summer session offers a variety of activities for our mixed-age group kids. Daily Schedules may vary depending on your child's needs (rest time, snack/lunch time, etc).

Activities include:

Field trips: We enjoy taking trips to the Museums such as the natural history museum, walks to the pet store, eating at a pizzeria, and joining other events going on in our neighborhood.

Music and movement: Kids love to sing and dance and learn new songs. We offer a variety of instruments for kids to play along with. Some of our songs include movement which really allows kids to interact with the activity.

Water play: We offer different water play activities such as pools, sprinklers, and water tables in our backyard. We have supervised pool time with age-appropriate-sized pools.

Arts and crafts: It's always fun to be creative with arts and crafts that include Acrylic painting, watercolor painting, mixed media projects, tye dying, paper machete, and more!

Backyard play: In our backyard, we offer sand to play in our sandbox as well as bicycle riding, ball play, chalk, and slides!

Gardening: Learning and Planting fresh fruits, vegetables, and flowers and watching them grow!

Local neighborhood playgrounds: When weather permits, we take advantage of visiting our local neighborhood playgrounds in central park, and all around the area.
