**Urban Prairie**

October 7th, 2014

Dedication by Premier Greg Selinger

**Manager Message**

THE NEXT CHAPTER

We are very excited and thankful for the incredible support that created this wonderful destination, which not only is a center for books, but a real community space to gather and enjoy.

The community came together with leadership from the Library Board, Greg Selinger and the Province of Manitoba, the Gaynor family, the Red River Planning Board and the councils of St. Andrews, St. Clements and Selkirk. Additional support from local foundations, the federal government, community leaders, local business' and library lovers all contributed to our new home.

URBAN PRAIRIE

The land itself which was donated by the Province, now includes 3.5 acres of restored natural prairie with over 50 varieties of traditional local plants. This Urban Prairie is thanks to the partnership with Carolyn and Rob Cox and the East Interlake Conservation District which brought additional resources, manpower and skill to create this eco-jewel in the heart of our region.

Thank you!  
Ken Kuryliw
