Enter total student counts for the charter school for PSD, K-8, and 9-12 students. Student count must be estimated student counts based on actual registration of students. Actual registration of PSD and kindergarten students should be divided by 2 to get estimated student counts for kindergarten. After the 100th day in session, the ADE FY 2021 ADM20 - Summary Adjusted ADM Report for the 100th day should be used, available via ADE Connect, AzEDS Portal. Schools approved to provide 200 days of instruction will adjust their FY 2022 budget for discrepancies between the FY 2021 100th-day and 200th-day student counts. (The Total K-UE report is used for K-8 and/or 9-12)

Base support level adjustments [A.R.S. §§15-943 & 15-185]

1. Check box if the school has been approved to provide 200 days of instruction by ADE.
A.R.S. §15-902.04 allows schools that provide 200 days of instruction to increase the base level amount by 5 percent. To be eligible for this increase in funding, the school must be approved for 200 days of instruction by ADE and its sponsor. Schools must receive approval from ADE for FY 2021 prior to June 1, 2020. Please contact ADE's School Finance account analyst team by email with questions concerning 200 days of instruction at SFAccountAnalystTeam@azed.gov.

2. Decrease for federal and State monies received for M&O purposes \$ _____
Enter the amount received from federal or State agencies for basic maintenance and operation of the school (except for ESEA Title VIII). Do not include federal or State grants that are received for a specific purpose. (A.R.S. §15-185)

In accordance with A.R.S. §15-185(P)(1), the Auditor General has determined that the following federal monies meet the definition of "monies intended for the basic maintenance and operations of the school" (as referred to in that subsection), that must be used to reduce the base support level and State equalization assistance, as directed by A.R.S. §15-185(D). This list is not necessarily all-inclusive. The Auditor General may determine in the future that other federal or State grants meet the definition of "monies intended for the basic maintenance and operations of the school."

1. Indian School Equalization Program entitlements received for:
• Instructional costs (basic program, gifted & talented programs, and small school adjustment)
• Bilingual instruction costs (supplemental programs—bilingual program)
• Exceptional child education costs (exceptional child programs)
• Student Transportation Fund costs
• School Board Training Fund costs (school board supplement)
Indian School Equalization Program entitlements received for boarding costs, dormitory costs, intense residential guidance costs, and pre-kindergarten costs would not be subject to the reduction.

2. Administrative cost grant entitlements received.

3. FY 2019 nonfederal audit service actual expense \$ 10,000.00
Schools must include audit costs for FY 2021 under "Selected expenses by type" on Budget page 2 to receive this increase. Enter the amount expended for audit services in FY 2019 from nonfederal monies to obtain the allowable increase in BSL for the budget year. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO). A.R.S. §15-914(F) allows schools to increase their base support levels if audit costs will be incurred for the budget year.

4. FY 2019 federal audit service actual expense \$ _____
Enter the amount expended for audit services in FY 2019 from federal monies. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO).

Average teacher salary

In accordance with A.R.S. §15-189.05, a school's budget shall include the prominent display of the average salary of all teachers the school employed for the budget and prior years, and the increase in the average salary of all teachers the school employed for the budget year reported in dollars and percentage. Schools must also prominently post this information on their home page separately from its budget. The statute does not provide a definition of a teacher. Each charter should be consistent in the type of salary information included in this table from year to year. An optional comment box is available to provide any additional detail regarding the average teacher salary calculation. Schools should revise the average teacher salary information anytime it submits a revised budget to ADE.

1	Employee benefits	Schools participating in the Arizona State Retirement System should budget in object code 6200 at the rate of 12.04 percent for retirement contributions and 0.18 percent for long-term disability contributions for covered positions. For positions subject to the Alternate Contribution Rate, schools should budget at the rate of 10.21 percent.
2	Federal and State projects	Separate accountability is required for each federal and State project. Therefore, charter schools should estimate the expenses for each federal or State project in which the school participates. The totals on line 33 should agree with the total columns for federal and State projects on line 37 of page 1. A.R.S. §15-1261 requires charter schools to establish an E-rate Project to account for any E-rate funding the school receives. Include monies budgeted for the E-rate Project and monies received from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, including Elementary and Secondary School Emergency Relief (ESSER) and Governor’s Emergency Education Relief (GEER) monies, within Other Federal Projects on line 17.
2	College Credit Exam Incentives	Schools that receive monies from the College Credit By Examination Incentive Project per A.R.S. §15-249.06 should deposit them in Project 1456—College Credit Exam Incentives. Distribute at least 50 percent of the bonus monies received from this program to the classroom teacher for each student who passes a qualifying exam and to other teachers of relevant subjects who instructed that student, including but not limited to teachers in the same department or subject matter that contributed to the student passing the exam, as identified by the governing body or the school principal. The remainder of any bonus monies received from this program must be allocated by the school principal on behalf of students who receive a passing score and may be used for teacher professional development or student instructional support, reimbursement of exam fees, or instructional materials.
2	Results-based Funding	Schools that receive monies from the Results-based Funding Project per A.R.S. §15-249.08 should deposit them in Project 1457—Results-based Funding. Monies received should not supplant monies budgeted or received from any other source that are generally provided to that school. The majority of the monies received must be used at the school that earned the results for teacher salaries, to hire teachers, for school leader salaries, for classroom supplies and for other strategies to sustain outcomes for students at that school. A portion of the monies received may be used for expanding and replicating that school site as a quality school model.
