

# Merry Christmas

As 2023 comes to a close, Design Build Services, Inc. would like to take this opportunity to thank you for your business this year and pray you have a very Merry Christmas and Happy New Year. As we are all still learning to adapt to all the changes Covid brought we are grateful for each and every one of you as individuals and companies bringing your projects to us, as without you we could not be here to serve you.

The feeling of uncertainty about the future has seemed to have grown to be a part of our culture.

As we look to the past year, we are appreciative of clients who have worked with us and with our schedules. Workloads are constantly switching from too busy, to our needing work. We appreciate the work that has been brought our way and entrusted to us.

As we look to the next year, we will continue to try to find better ways to serve you, or people you know with our services. If we can be of further help to you, or you know of someone who requires engineering assistance, Design Build Services, Inc. offers lateral, structural, and civil engineering for new residences, buildings, additions, remodels, and drainage plans for single family residences. We are no longer doing engineering work for commercial projects or small developments due to the workload and complexity that has been added to be associated with those projects, and we no longer work in all jurisdictions.

Please feel free to call us at (360) 793-9659 or email us at [rheide@dbsmmonroe.com](mailto:rheide@dbsmmonroe.com) or [admin@dbsmmonroe.com](mailto:admin@dbsmmonroe.com) if we can help you in any way.

As the future will always be uncertain in the near term, there is a way to have eternal security for our ultimate eternal futures. That is what we celebrate at this time of year. May the love that God showed us, through His son Jesus Christ, fill your spirit with grace and blessing throughout the holiday season and the coming year.

Merry Christmas and a Happy New Year from all of us!
