# RECITAL 1999

## “CREATION”

We would like to welcome you to our Second Annual Spring Recital. Many of the dancers being first year students at beginning level, have worked very hard this spring to put together this special showing of their work. Last years returning students have shown a marked improvement in technique and have begun to take on an awareness of stage presence that takes time and training to acquire. We hope that you enjoy the gift of talent they are about to share with you. Thank you for taking the opportunity to support these wonderful students. Enjoy the Show!
