1. Program Objective. SMPOA residents working together to make Sylvan Meadows a safe and secure neighborhood to live in.
2. Program Operations:
 - a. Your responsibilities in the SMPOA Neighborhood Watch Program:

- i. Know your block captain, his/her vehicles, phone number and email address
 - ii. Informed your Block Captain when you will be out of town so that your Block Captain would be alerted for any activity at your home as being suspicious. This is especially important during the winter. Your Block Captain will drive down your driveway to leave tire tracks in the snow to make it appear like someone is home
 - iii. Report suspicious activity to your Block Captain who will report the activity to Ron Oholendt and/or directly to the El Paso County Sheriff Department
 - iv. Report suspicious activity that may be criminal in nature directly to the El Paso County Sheriff first.
 - v. If you can't reach your block captain, call Ron Oholendt (623-8593).
 - vi. Expect email alerts to all SMPOA residents on Black Forest and county criminal activities that may affect our neighborhood
 - vii. Expect periodic emails with useful information relating to personal and property security measures
 - viii. All email subject matter will be posted on the SMPOA website
- b. Block Captains will:
- i. Familiarize themselves with the property of their assigned residences to help recognize possible suspicious or criminal activity.
 - ii. Periodically drive around the assigned residences
 - iii. Contact you if they have questions or concerns
 - iv. Monitor your home more closely when you are out of town
