**ACT
PREP
CLASS**

Hello and congratulations for taking one step further to prepare for your college endeavors. At Notably Gifted Arts Academy Inc. we provide small group tutoring for students in all subject areas tested by the ACT. During our personal tutoring sessions students become familiar with the format and time constraints of the ACT. We also provide test taking strategies and practice questions with ACT prep guide materials. Lastly, in our final session week, our certified educator will engage your student in an actual ACT test. Along with this test comes the answers which breaks down why the answer is most appropriate along with practical reasons why the other selections were incorrect. In addition to physical test preparation, we will provide all of the national ACT testing dates including deadline registration dates. This hands-on tutoring session is great for students who have never taken the ACT or students who seek to increase their scores. We offer four testing sessions which includes ten classes leading to the testing date. The sessions dates and testing dates are attached. Additional information including cost, method of payment, group rates, and program expectations are also attached. If you have any questions for concerns, please feel free to contact us at 937.985.3703 or via email at thearts@ngaainc.com

Regards,

Notably Gifted Arts Academy Inc.
