

Elect-lady Donna Sneed currently resides in Leesburg, Georgia. She faithfully serves in multiple capacities at Bethesda Community Church (Albany, GA) under the leadership of her husband/pastor, Bishop Samuel Sneed, Jr. Together, they have 6 daughters, 14 grandchildren, and two great-grandchildren.

Evangelist Sneed holds a bachelor's degree in Christian Education. She has been licensed, teaching, and preaching the Gospel for more than 20 years. She is proud to serve as a leader within the Department of Defense for more than 37 years - currently managing a team of acquisition, financial, and program analysts supporting the Marine Corps Logistics Command in Albany, GA.

At the height of the COVID pandemic, she sensed the urgency to create the "Grace Virtual Gathering", a virtual platform where women from across the States and as far away as Nigeria, could continue to come together and be encouraged in the faith. She has hosted the virtual gathering every year since March of 2021.

She desired to help others "write" through the pandemic situation, so she designed and published more than 13 journals, notebooks, and planners - currently available on Amazon.

I BELIEVE:

God has given each of us gifts and talents which we are authorized and empowered to use while we are in the earth. Every gift is already full of God's power and purpose and only requires our "willingness" to be used by Him - for the purpose of advancing His Kingdom. I BELIEVE --- "for every gift, there is an assignment and for every assignment, there is a gift."
