# BALCONIES

## EXPAND YOUR SPACE AND LIVE BEYOND YOUR WALLS

Our decking opens and expands the space where you feel at home. We design and craft our decking to fit your unique style and surroundings. American Patio Covers takes a keen interest in the ease of installation of our products. We obsess over the manufacturing process for a problem-free installation.

# RAILING

## DEFINE YOUR SPACE

Elegantly designed with feeling and precision-crafted for permanence. American Patio Covers wants your outdoor living space to be well defined with our railing products. The highest quality aluminum provides strength, resilience and security as you enjoy the freedom of the open air.

# POSTS

## ADDING STABILITY AND BEAUTY

Posts allow us the ability to add both structural and and visual interest to our designs. We offer an array of post styles to fit your commercial needs and interests.

# BRACKETS AND INFILL

The image shows a multi-level atrium or office space with a complex glass and metal framework. The structure consists of several levels connected by glass railings and dark metal brackets. The ceiling is made of horizontal slats, and the walls are primarily glass, reflecting the sky and other parts of the building. The lighting is bright, suggesting a well-lit interior.

## CUSTOMIZE YOUR SPACE

Our infill and bracket options allow for our products to be vastly customizable. Allowing for different connection points, our structures to accommodate different aluminum fills, cable options, and glass options.
