## Letter of Recommendation

To Whom It May Concern,

I am writing to recommend Jeff Walston and his company, Premise Construction, for additional construction services with future prospective clients. Our company has had the pleasure of working directly with Mr. Walston on a project most recently at a multi-tenant flex building we own on Electron Drive located in Bluegrass Commerce Park in Louisville, Kentucky. The scope of work for this project involved the renovation of old office space for future occupancy of one of our new tenants. It was our first time working with Jeff and we were so pleased with his work, he was our first call when we had a tenant in the same building expand. It was easy to call Jeff again, as Jeff and his company illustrated its attention to detail, quality and safety on each job.

In fact, I have been so pleased with the quality of Premise Construction's work that I have asked Jeff to do work in my own home. Please consider Premise Construction for your construction service needs. I recommend them and look forward to working with them again.

Dalton Dreisbach

Leasing Agent and Project Manager
