

Nanotechnology Stamping Compound Cuts Costs In The Welding Operation!

- *Eliminate Part Washing Prior To Welding*
- *Provides Anti-Spatter Outside Weld Zone*
- *Reduces Smoke In The Welding Operation*
- *Residue Film Access Flux In Weld Zone*
- *Oil Free and No OSHA Hazard Components*
- *AHSS Approved – All Materials*
- *Decreases Weld Porosity*
- *Increase Weld Strength*
- *Does Not Interfere With Weld Penetration*
