High Lubricity	•	•			•
Low Viscosity			•	•	•
Cleans Easily			•	•	•
Weld Over				•	•
Galling Reduction	•				•
Non-Corrosive	•		•		•
Precise Tolerance				•	•
Environmentally Safe				•	•
Operator Safe				•	•

Advanced Metal Stamping Lubricant

- Protect Surfaces in Extreme Heat & Pressure
- Improve Quality & Decrease Scrap Rate
- Minimal Resistance with Full Wetting Out
- Reduce Pre-Treatment Chemical Use & Costs
- Eliminate Parts Cleaning Prior To Welding
- Protect Parts & Extend Tool & Die Life +25%
- Eliminate Rust & Paint Adhesion Problems
- More Precise Forming with Less Rework
- Reduce Wastewater Disposal Costs
- Clean & Safe Exposure For Operators
