

Weatherization Assistance Program

WHO IS ELIGIBLE?

- Weatherization services are provided to households with an annual income at or below 200% of the Federal Poverty Level.
- Homes that have not been weatherized in the last 15 years.
- All houses will have to pass a pre-inspection.
- Home owners and renters can both apply.

WHAT'S THE PROCESS?

- Apply to the program and receive approval that you are eligible.
- An energy evaluation of your home will be performed.
- Certified contractors add energy efficiency and safety improvements to your home.
- A Quality Control inspection is done to ensure correct installation.

THINGS TO KNOW:

- It's a FREE program funded by the US Department of Energy.
- This is not a home repair, remodel, or rehabilitation program.
- Only measures with direct energy savings or associated health and safety, as determined by the audit, can be installed.
- Income qualification does not guarantee work will be done.
- Homes can not be for sale, in foreclosure, or in remodeling.

WHAT SERVICES CAN I RECIEVE?

- Depending on the inspection, official software will determine what can be done to improve your home's energy efficiency.
- Possibilities include: Wall, attic, & foundation insulation, furnace repair or replacement, air leakage reduction, dryer venting, carbon monoxide/smoke alarms, water heaters, and refrigerators. (This is not an all inclusive list.)
