COMMITTEE REPORTS:

Kinder, Henderson, Cobham – no report

Freitag/Best – Attended MCRP meeting and the park is just waiting approval from Sask. Water for the new seasonal sites. The dust control will be redone as it hasn't lasted due to the hot weather and not a lot of rain. The gentleman who was hired for the fireworks was not able to set off all of the fireworks due to several boats being too close to the fireworks launch. He has given the park a credit of \$1500 to be used in the future.

Walls – The museum has openings for new members. Leonard Moncrief is the president. There are a few areas of the museum that need to be fixed. Walls is wondering if the Town of Alameda would be able to pay for the cost of repairs as the museum only has approximately \$2500.

Demchuk – Borderline Housing has several positions open for RN's, LPN's and CCA's. The kitchen fund has \$24,658.85. The decibel testing has taken place for the alarms and Borderline's alarms are under this number. They are going to see if they can be turned down further and still pass inspection. A draft budget has been sent to Sun Country for approval.

ADJOURN:

114/17 Motion: Freitag that the meeting adjourn at 10:02 p.m.
