

M503/M533 Wheelchair Platform Scales

Features

Approved as a medical device according to 93/42/EEC

Especially suitable for weighing patients in wheelchairs, because the low-profile platform can be approached from either side

The large steel weighing plate also makes it ideal for weighing obese patients

Both access ramps and the handrail can be folded up quickly and easily, e.g. for transportation (M503)

Two access ramps integrated, extremely resistant to bending (M533)

Function include hold, BMI

Hold function: When patients do not stand or sit completely still, a stable weight is calculated using an average weight and this is then "frozen". This means that you have sufficient time to attend to the patient first and then take the weight reading in peace

BMI function to determine underweight/normal weight/surplus weight

Technical Data

Display: LCD display, digit height 25 mm, with white color LED backlight

Dimensions: 1180×1000×1130 mm (without handrail)

Power: AC adapter (100~240VAC/12V500mA), rechargeable battery (Ni-MH 1.2V 200mAhx6, size AA), operating time up to 40h without backlight, charging time approx. 12 h

Net weight: 76 kg

Operation temperature: -10°C/40°C

Accessories

- 1 handrail, for mounting display device. The handrail offers patients that extra level of safety when driving or stepping onto the weighing platform (M503 only)
- 2 handrails, for self-assembly on wheelchair platform scale, with this optional scale can be converted into a multi-function scale. This allows for the patients to be weighed while standing on the scale, with support from the handrail or weighed in a wheelchair (M503 only)
- Handrail set with folding patient seat, Factory Option, you can convert the wheelchair platform scale into a multi-functional scale. In this way, patients can be weighed standing up, or in seated position. If you fold the patient seat up, then a wheelchair can be pushed or driven onto the scale. (M503 only)

Standard

Factory/Option

Model	Weighing Capacity [Max]kg	Readability [d]g	Verification value [e]g
M503-300kg	300	100	100
M533-300kg	300	100	100
