# SPECIAL EVENTS

This popular dance event will have guests of all ages movin' and groovin'! This fun, interactive, one-of-a-kind dance show includes a high quality DJ sound system, microphone, props, and basic DJ lights. It's entertaining, not just your basic dance instruction. It will excite the beginners and engage the experienced dancers.

"Dancing through the Decades" is the most requested Special Events. It includes dances from the 50's, 60's, 70's, 80's, 90's, 2000 and today. However we can modify to fit your event and you can choose a theme or dance styles including Country, Multicultural, Square Dancing, Line Dancing and more!

**We pride ourselves in the ability to adapt to the "flow" of your group. A typical event consists of:**

- One hour set up.
- One hour of background music while attendees are eating or socializing.
- Ninety minutes of an interactive SHOW.
- Thirty minutes of freestyle dance. A preset music list is required.
- One hour of tear down.

## Here's the humdrum stuff:

1. Please be sure there is plenty of room to move. Participants must have at least one foot between them in order to make the event a safe, enjoyable experience for everyone.
2. We can accommodate up to 400 attendees. An elevated stage is required so that instruction can be viewed by everyone. The stage must be at least two feet high. (We can provide a stage for an additional charge.)
3. A six foot table is required along with 4 chairs. We provide basic DJ lighting.
4. We supply the complete sound system and can add an additional hand held microphone for announcements, raffles, etc.
5. We carry a two million dollar liability insurance policy.
6. Fee for all of the above is \$300-\$500 depending on the size of the group. There is no charge for travel. (Additional charges for stage and more lighting.)

## LISTEN TO WHAT PEOPLE ARE SAYING:

Absolutely amazing! Event the most self-conscious attendee couldn't resist. I was thrilled to see so many of our members involved. A lot of people really got to know each other that night because of this event. Let's do it again next year!

Thank you for making Seafirst's Weekend at the Couer d' Alene Resort such a success. Your infectious energy, enthusiasm, easy and motivational teaching style left the tables empty and the dance floor busting with happy energy.
