## DVDS

Join Christy Lane as she shares the excitement and adventure of the popular authentic folk dances from around the world that were chosen from a nationwide survey. Ranging from easy to moderately difficult, the dances are taught by a native of the country or by an expert of that particular dance form. Wearing traditional costumes, the instructor shows viewers the dance step-by-step, then the dance is demonstrated by a group in its entirety. Since the dances are the most popular traditional folk dances, they will be usable for years! Recommended for teachers and students of all ages.
