

Know Your Feed and Forage

Your Livestock Nutrition Matters

Whether you are a major hay exporter, farmer, rancher, horse owner, or have a few animals, we have analysis to help you make informed decisions that will save you money. For less than \$50.00 you get the information you need to keep your livestock healthy and well fed!

Feed testing provides a number of in-depth testing solutions that help ensure that your livestock are consuming the adequate nutrients they need in their diet. Feed and forage sampling is essential to determining your animal feed quality.

Soil testing is an important aspect of pasture and rangeland production. Getting your pasture and rangeland parameters right helps to provide the high nutrition and quality grass your livestock needs.

AgTest is a locally owned and operated agricultural laboratory providing services to the Kittitas Valley and surrounding areas. Our goal is to provide affordable resources to everyone so you can achieve your best results in your lawn, garden, field, or livestock. AgTest is part of the North American Proficiency Testing quarterly soil analysis program, certified in NIR testing of forages for Dry Matter, Crude Protein, ADF, and NDF by the National Forage Testing Association, and a DairyOne Affiliate laboratory.

Forage Testing

- **NIR Scan (\$26.00):** Dry Matter, Crude Protein, ADF, NDF, Sugar Content, Digestibility, Relative Forage Quality, and more.
- **Nitrate Testing (\$15.00 or \$9.00 when paired with NIR)**
- **High Accuracy Mineral Panels:** (Prices vary per analysis. Call or scan QR code for more details).
- **Individual Mineral (\$15.00 each)** if only a specific mineral is of interest.

Petiole (Plant Tissue) Testing

- **Total nutrient panel (\$23.75):** With sufficiency ranges to identify nutrient deficiencies or be able to provide nutrient content of growing pasture and rangeland.

Recommendations are provided with soil and petiole testing.

Soil Testing

- **Test 1 (\$35.00):** pH, Soluble Salts, NO₃-N, NH₄-N, Organic Matter, P, K, S, B, Zn, Mn, Cu, Fe.
- **Test 2 (\$35.00):** pH, Soluble Salts, NO₃-N, NH₄-N, Organic Matter, P, K, Ca, Mg, Na, and Total Bases.
- **Test 3 (\$41.00):** pH, Soluble Salts, NO₃-N, NH₄-N, Organic Matter, P, K, Ca, Mg, Na, S, B, Zn, Mn, Cu, Fe, CEC, Total Bases.
- **Test 4 (\$29.00):** NO₃-N, NH₄-N, P, K, S, B, Zn.
- **Test 5 (\$59.00):** (Spring Topdressing) NO₃-N and Moisture 1-6 ft. and NH₄-N 1st ft.
- **Test 6 (\$65.00):** (Dry-Land Profile) NO₃-N and Moisture 1-6 ft, NH₄-N, pH, Soluble Salts, Organic Matter, P, K 1st ft. and S 1-3 ft.
- **Test 7 (\$55.00):** (Irrigated Profile) NO₃-N 1-3 ft., S 1-2 ft., NH₄-N, P, K, B, Zn, pH, Organic Matter, Soluble Salts, and Effervescence 1st ft.
- **Test 8 (\$17.00):** NO₃-N, NH₄-N.
- **Test 9 (\$45.00):** (Organic Package) pH, NO₃-N, NH₄-N, Organic Matter, P, K, CEC, Total Copper.
- **Test 10 (\$17.00):** (Nutrient Management/Garden Package) NO₃-N, NH₄-N, P, K, pH, Soluble Salts, Organic Matter.
