ABOUT THE TRAINER

Val has been involved in the Pet Industry for over 25 years developing her art for training dogs. As a certified AKC CGC, AKC S.T.A.R. Puppy, CGC, AKC Community Canine, Urban CGC, Video Home Manners and Trick Dog Evaluator her skills in the industry are extensive.

Her unique approach includes a system that has been developed through years of research and personal experience. Training puppies should be fun and innovative so that all involved in the process experience the benefits.

"Training isn't simply to teach dogs basic obedience, but rather to strengthen the bond between you and your best friend in order to make the most of that relationship."

Your puppy is an individual and should be trained using methods that are most effective for that personality.

Over the years, Val has been dubbed "The Puppy Whisperer" and will teach you how to speak their language too!
