

# Light House Academy

Located on Willow Knolls Dr., Just East of Allen Road.

## curriculum

Core curriculum materials are provided by Abeka and BJ University Press. Physical education, art and music also integrate into the weekly schedule. All tools and methods stress the importance of the contents, concepts and processes to maximize total understanding. We balance explaining with exploring. We strive for the development of each child's maximum potential intellectually, socially, physically, spiritually and emotionally in an environment that is nurturing, yet challenging. The teaching staff employs a wide range of other materials to compliment the curriculum, expose students to multi-sensory instructional methods, and build diversity into the media mix to create a lively learning environment.

## enriching minds

A goal of our instruction is to meet both National and Illinois standards. Students devote a portion of their time to studying independently, and use diverse resources as part of their overall learning experience. We engage students in a wide range of learning activities and processes. As a small, private school, we have the flexibility to employ very creative techniques to make the educational experience fun and rewarding. Health and Nutrition class, foreign language, field trips, hands-on labs, skits and speeches, and other seasonal events pique the students excitement over a well-rounded education.

## staff

Our staff includes full time teachers plus volunteers and aides made up of retired teachers, family members and other outside professionals.

## reflecting Christ

Light House combines classroom instruction with Bible-based concepts and values to strengthen both the mind and spirit of our students. Each day begins with a devotional topic, pledge of allegiance and prayer circle to help set the tone for student learning.

## Apply Now!

- Kindergarten • Grades 1 to 8
