Courses and Speakers subject to change

AM COURSES

COPE 101686-TD 2hr D Gupta

Ocular Disease: The Mistakes I Made

This course will provide a comprehensive review of common anterior segment conditions such as recurrent corneal erosion, corneal foreign bodies, ocular infections, and more. Emphasis will be what is clinical relevant. For the dry eye discussion emphasis will be on options for patients needing more than OTC tears.

COPE pending 1hr D Gupta

Case Studies in Ocular Disease

This live course will provide a comprehensive review and update on properly diagnosing and managing patients with common ocular and systemic conditions.

COPE 101805 - PH 2hr D Gupta

Pharming: Prescribe Like a Pro

This course focuses on the most recent FDA-approved drugs relevant to optometric patient care, covering their indications for use, mechanisms of action, and potential ocular side effects.

PM COURSES

COPE 101684-GL 2hr D Gupta

Glaucoma Diagnosis: Fine Tune Your Skills

This interactive course reviews the risk factors for glaucoma and the clinical evaluation of the patient suspected of having glaucoma. It includes a discussion of optic nerve analysis, nerve fiber layer evaluation, and visual field testing.

COPE 101685-GL 2hr D Gupta

Glaucoma Management: Fine Tune Your Skills

This course reviews the different clinical decisions that face the optometrist managing glaucoma. It will discuss both the medical and surgical options available to patients who demonstrate progression of the disease.
