

# CALLING ALL LEADERS

**Boys State is the nation's oldest civics and youth leadership program.**  
A few of the best juniors from Arizona's high schools are selected to create and run a fictional 51st state - Boys State. Learn by doing!

### Run for Office

Boys State delegates campaign for political offices at the city, county, and state levels, then create and execute the laws that govern Boys State.

### Try Cases in Court

Delegates that pass the Boys State Bar Exam can become lawyers and try cases in the Boys State courts - or decide cases as judges and jurors.

### Become a Better Citizen

All delegates learn about the legislative process, the criminal justice system, civil rights, and civic duties, as well as college and career opportunities.

## Join us: June 2-8, 2024 in Flagstaff
