DEFENSE INDUSTRY

INTEGRATED DEFENSE SYSTEMS PLATFORM

POWER. PRECISION. INTEGRATION.

# Integrated Defense Systems Architecture

OSAN Defense Industry operates under OSAN HOLDING as a multi-layered international defense industry platform integrating ballistic protection technologies, armored platforms, weapon systems, ammunition production, missile and launcher infrastructure, and AI-supported unmanned aerial systems under one integrated engineering structure.

The platform operates by integrating production infrastructure in Konya and Izmir, Türkiye, with advanced technology systems development infrastructure located in the United States.

# BALLISTIC PROTECTION SYSTEMS

ADVANCED BALLISTIC ENGINEERING  
AND PROTECTION ARCHITECTURE

OSAN Defense Industry develops modular and hybrid ballistic protection systems engineered to meet multi-threat environments and platform-specific requirements.

All systems are designed based on internationally recognized ballistic standards and optimized material structures.

## STANDARDS

NIJ 0101.06 / 0101.07    STANAG 4569  
EN 1522 / EN 1063

## MATERIAL STRUCTURE

CERAMIC ARMOR / COMPOSITE LAYERS / BALLISTIC STEEL

## PERFORMANCE

MULTI-HIT RESISTANCE / SPALL MITIGATION SYSTEMS  
WEIGHT-OPTIMIZED ARMOR ARCHITECTURE

# WEAPON SYSTEMS

## INTEGRATED FIREPOWER AND PLATFORM ENGINEERING

OSAN Defense Industry integrates light, medium, and heavy weapon systems into land, naval, and aerial platforms with system-level engineering and operational compatibility.

Engineered for platform  
integration and **stability**

Compatible with remote  
weapon stations and  
**fire control** systems

Multi-caliber **flexibility**,  
mission-adaptable  
architectures

# AMMUNITION SYSTEMS

## BALLISTIC PRECISION AND SYSTEM COMPATIBILITY

OSAN Defense Industry produces ammunition systems compatible with integrated weapon platforms, focusing on ballistic performance and system reliability.

Engineered for  
ballistic consistency  
and reliability.

Optimized for platform  
integration and  
performance.

Designed to meet  
mission requirements  
with precision.

# MISSILE SYSTEMS

INTEGRATED STRIKE CAPABILITY  
AND SYSTEM DEPLOYMENT

OSAN Defense Industry develops integrated missile system infrastructure for multi-domain deployment across land, naval, and aerial platforms.

Built for flexibility,  
ready for integration.

Engineered for accuracy,  
delivered with confidence.

Designed to adapt,  
deployed to perform.

# LAUNCHER SYSTEMS

STABILIZED DEPLOYMENT AND  
INTEGRATED LAUNCH ARCHITECTURE

OSAN Defense Industry designs and develops launcher systems for fixed, mobile, and naval deployment platforms.

## RAPID DEPLOYMENT

Operational readiness,  
wherever it's needed.

## STABILIZED PLATFORM

Engineered stability  
for mission confidence.

## MULTI-ANGLE LAUNCH

Engagement flexibility  
from optimized angles.

**OSAN**

DEFENSE INDUSTRY

# UNMANNED AERIAL SYSTEMS

AI-SUPPORTED AUTONOMOUS SYSTEMS  
AND OPERATIONAL INTELLIGENCE

OSAN Defense Industry develops and integrates AI-supported unmanned aerial systems for tactical, operational, and mission-critical applications.

AUTONOMOUS SYSTEMS.  
INTELLIGENT CONTROL.

ADVANCED CAPABILITIES. DECISIVE ADVANTAGE.

PAGE 10 / 20

**OSAN**

DEFENSE INDUSTRY

# INTEGRATED DEFENSE ARCHITECTURE

MULTI-DOMAIN SYSTEM INTEGRATION  
AND OPERATIONAL COORDINATION

OSAN Defense Industry develops integrated defense architectures combining land, naval, and aerial systems into coordinated operational frameworks.

One Architecture.  
Unified Operations.

# PLATFORM INTEGRATION

LAND, NAVAL, AND AERIAL  
DEPLOYMENT COMPATIBILITY

OSAN Defense Industry integrates defense systems across land, naval, and aerial platforms with mission-specific adaptation and operational flexibility.

One System.  
Multiple Platforms.

# COMMAND & CONTROL SYSTEMS

CENTRALIZED OPERATIONAL  
MANAGEMENT AND DECISION CONTROL

OSAN Defense Industry develops command and control systems enabling centralized management, real-time decision-making, and coordinated multi-system operations.

Central Control.  
Coordinated Execution.

# AI & DATA SYSTEMS

OPERATIONAL INTELLIGENCE AND  
DATA-DRIVEN SYSTEM OPTIMIZATION

OSAN Defense Industry develops  
AI-supported data systems enabling  
real-time analysis, operational  
optimization, and intelligent  
system coordination.

/ Data-Driven Intelligence.  
Operational Precision.

# MANUFACTURING INFRASTRUCTURE

ADVANCED PRODUCTION FACILITIES  
AND INDUSTRIAL CAPABILITY

OSAN Defense Industry operates advanced manufacturing facilities equipped for precision production, system assembly, and large-scale industrial operations.

Built with Precision.  
Delivered at Scale.

# ENGINEERING & R&D CAPABILITY

APPLIED ENGINEERING AND  
SYSTEM DEVELOPMENT EXPERTISE

OSAN Defense Industry develops advanced engineering solutions through applied research, system design, and continuous product development processes.

Engineered for Performance.  
Designed for Reliability.

# QUALITY & COMPLIANCE

STRICT STANDARDS, VERIFIED  
PROCESSES, AND CONTROLLED  
PRODUCTION

OSAN Defense Industry operates under strict quality control systems, ensuring compliance with international standards, verified production processes, and consistent product reliability.

Verified Standards.  
Trusted Performance.

# GLOBAL OPERATIONS & PRESENCE

OPERATIONAL REACH ACROSS  
KEY INTERNATIONAL MARKETS

OSAN Defense Industry operates across multiple regions, maintaining active operations, strategic partnerships, and global delivery capabilities in key international markets.

Global Reach.  
Local Execution.

# REFERENCES & EXPORT STRENGTH

TRUSTED BY GLOBAL PARTNERS  
ACROSS INTERNATIONAL MARKETS

OSAN Defense Industry collaborates with international partners and delivers to multiple global markets, maintaining consistent export operations and long-term commercial relationships.

Proven in Markets.  
Trusted Worldwide.

# OSAN

## DEFENSE INDUSTRY

Engineering Advanced Systems. *Delivering Global Strength.*

OSAN Defense Industry integrates engineering, manufacturing, and global operations to deliver reliable, high-performance systems for international markets.
