

No more they need reasons got their hands around our necks and squeezing and all we get is
kicks to the head

Its there capitalist positions that i take oppositions with all our lives in their hands

Mass interrogation they'll drone out all ambition but this world is not theirs to have

If seeing is believing best believe what you are seeing cuz the truth of all is soon to come

Ch. shit .fuckit. All x4

The blacks brown beleive it the japanese have seen it where not that far off from where weve
come

Work for us forever and will repay you never this world exists but i refuse

So when crises turns to conlict remember those who start it there always so predictable

ch.
