

M.A.S.H. Unit

Mobile Animal Surgical Hospital

Cat & Dog HQHVSN Spay & Neutering

The Healthy Pet Project seeks to raise funds for the purchase of & operation of the M.A.S.H. Unit.

Mission: affordable & accessible HQHVSN Spay & Neutering for our Veterans' Dogs & Cats & So. CA Communities.

Together, we can reduce the pet population by preventing unplanned litters that are a significant source of homeless animals entering the shelter system. We collaborate & support like minded partner organizations & advocates around Southern California.
