

Stand Alone-Portable Air Purification System

pureAir 3000

Unlike filters that only affect air that passes through them, pureAir 3000 delivers powerful purification to the sources of pollution inside your home, both in the air and on surfaces, covering up to 3000 square feet of living space.

Brings Nature's Purification Indoors

Replicating the way Nature keeps the air clean in Earth's forests and mountains, pureAir 3000 transforms your stale indoor air into fresh, healthy air for you and your family to breathe. Enjoy the smell of freshness without expensive and toxic fragrances.

Kills Mold, Mildew, Bacteria, Viruses, and Odors

Utilizing four proven air purification technologies, pureAir 3000 significantly reduces all types of germs and fungus as well as eliminating odors of all kinds, including those from pets, cooking, and smoking.

Removes Allergens from Your Breathing Space

Your home should be a refuge from all that ails you, allergens included. The ionic power of pureAir 3000 causes allergens to clump together until they are heavy enough to fall out of the breathing space and be swept up or caught in your HVAC filter.

Easy to Set Up, Easy to Use

Comprehensive air purification need not be difficult to use. With easy to understand instructions on set up, use, and maintenance, improving the air quality of your living environment is a breeze.

Specifications:

- Dimensions: 9" W x 12.25" H x 12" D / 22.9 cm W x 31.12 cm H x 30.48 cm D
- Weight: 11 lbs / 5 kg
- Technology:
 - Photo Catalytic Oxidation
 - Scalable Ozone Generation
 - Needlepoint Ionization
 - Pulse Ionization
 - Electrostatic Filtration
- Coverage: 250 ft² to 3000 ft²* / 23 m² to 280 m²

Warranty

1 Year Limited Warranty
