Search for your prescription

| 🔍 Type your drug name *(like Atorvastatin, Sildenafil, etc)*	FIND DRUG PRICES

What is GoodRx?

Why should I use GoodRx?

Prescription drug prices are not regulated. The cost of a prescription may differ by more than $100 between pharmacies across the street from each other!

Insurance isn't helping like it used to. In the past 10 years, insurance companies have passed on 25-80% more of the cost of drugs onto patients.
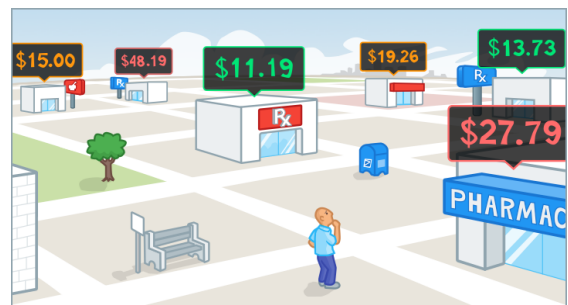

How can GoodRx help me?

GoodRx gathers current prices and discounts to help you find the lowest cost pharmacy for your prescriptions. The average GoodRx customer saves $276 a year on their prescriptions. GoodRx is 100% free. No personal information required.
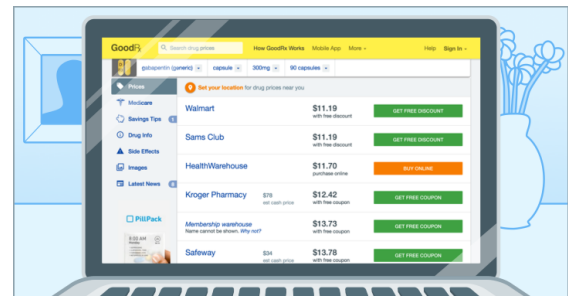

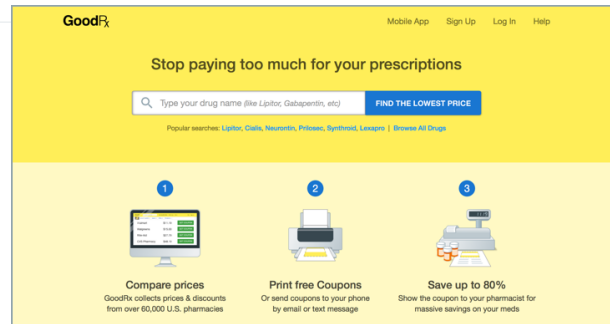

How to Use GoodRx

How do I find discounts for my drug?

It's easy. Just go to the home page, type in your drug's name in the search field, and click the "Find the Lowest Price" button.
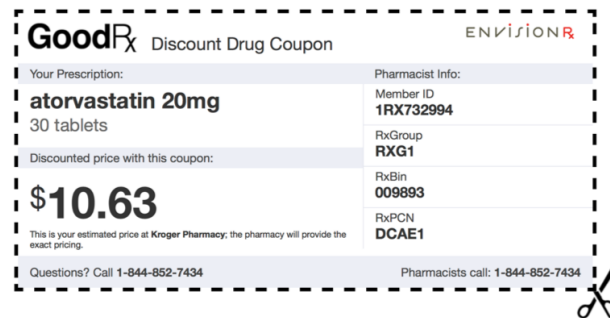

They even help you spell the name of your prescription.

What are GoodRx coupons?

GoodRx coupons will help you pay less than the cash price for your prescription. They're free to use and are accepted at virtually every U.S. pharmacy.

Your pharmacist will know how to enter the codes on the coupon to pull up the lowest discount available.

How do I use a GoodRx coupon?

It's similar to using a coupon at a grocery store. Simply print the coupon and bring it with you to the pharmacy when you pick up your prescription. The pharmacist will enter the numbers on the coupon into their system to find the discount.

Don't have a printer or want to save paper and ink cartridges? You can show the coupon on your phone by:

      A) Sending the coupon to yourself via email or text
      B) Or using the GoodRx mobile app
      C) Or visiting the GoodRx mobile website
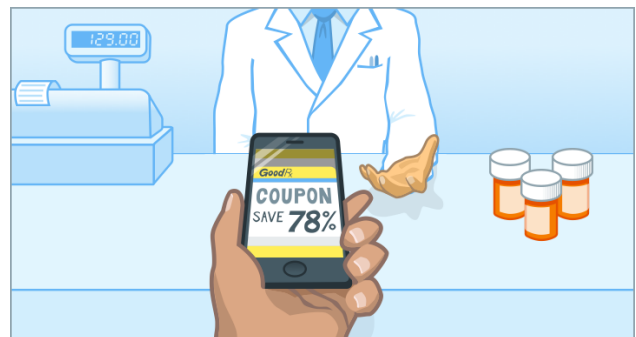

What if I have Medicare Part D or other prescription drug coverage?

You can use GoodRx instead of your prescription insurance or Medicare drug plan. However, GoodRx cannot be combined with your insurance or any federal or state-funded programs such as Medicare or Medicaid. When using GoodRx instead of your drug plan, the amount you pay will not be applied towards your Initial Coverage Limit or your TROOP (True Out-of-Pocket maximum).
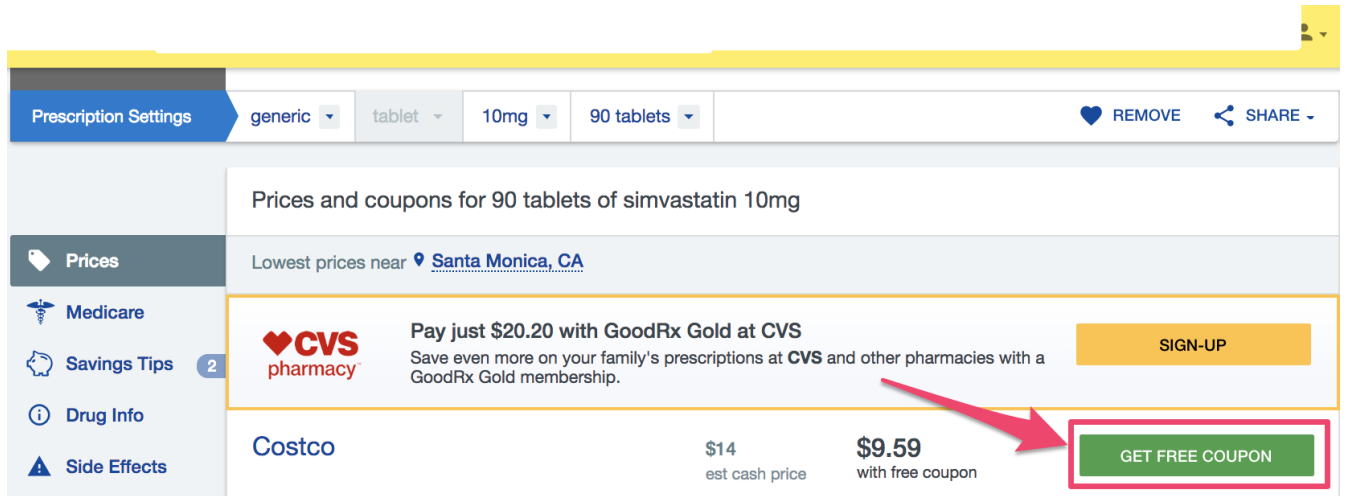

GoodRx may be able to find you a lower price than your insurance copay. Hundreds of generic medications are available for $4 or less.

How can I use a coupon without printing?

No printer? No problem. There are plenty of ways to use GoodRx coupons without printing a physical copy.

1. Text or email a coupon to yourself

After searching for your prescription on the GoodRx website, click on the green **Get Free Coupon** or **Get Free Discount** button to the right of your pharmacy.

This will open your coupon in a new window. You'll see three buttons in the top left corner of the Coupon page that say: **Print**, **Text** and **Email**.

To Text the Coupon
Click the blue **Text** button in the top left-hand corner of the coupon page.

A box will appear at the top of the coupon print page where you can enter your cell phone number to have the coupon sent directly to your phone. Enter your cell phone number into the box, and click the blue **SEND** button.

This will send a text with a link to a mobile webpage containing the coupon (show this page to your pharmacist to receive the discount).

To Email the Coupon
Click the blue **Email** button in the top left-hand corner of the coupon print page.

A box will appear at the top of the coupon print page where you can enter an email address to have the coupon sent directly to your email. Enter an email address into the box and click the blue **SEND** button.

If you would like to receive promotional emails from GoodRx, check the box that says **Send me savings offers and prescription alerts**. If you do not wish to receive any additional emails from GoodRx, uncheck this box before clicking the blue **SEND** button.

Print   **Email**   **Text**   **Get a Card by Mail**

Enter your email address to send this coupon to:

e.g. username@domain.com   **SEND**

☑ Send me savings offers and prescription alerts

By clicking Send, I agree to GoodRx's terms of service and privacy policy

Discounted price with this coupon:

2. Use Text GoodRx

You can have coupons sent directly to your phone using Text GoodRx. It's a fast and easy way to quickly access prices and discounts without downloading an app or visiting a website.

To get started, text the word SAVE to 466379 (GOODRX) on your cell phone.

Follow the prompts in each message to find prices and coupons near you. We'll suggest the most common dosage and quantity for your prescription, but you can make changes before viewing prices.

Once you confirm your prescription, you'll get a text with the four lowest prices available.

3. You can use the GoodRx mobile app

Download the GoodRx mobile app to any iPhone®, iPad® or Android™ phone,
open the coupons in the app, and show them to your pharmacist from your phone.
If you can't download the GoodRx app, go to m.goodrx.com on any mobile device.

The GoodRx mobile site lets you search for your prescriptions and get coupons to show the pharmacist.
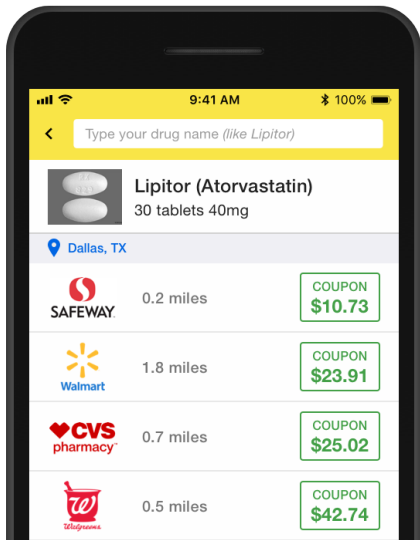

Save up to 80% on your prescriptions with the free GoodRx app

100,000+ Ratings

GoodRx is the #1 free medical app for iOS and Android.

Enter your mobile number and GoodRx will text you a link to download our free Android or iPhone app!
