June

Operation Brazil 2023

The month of June was designated as "Operation Brazil." After many days of praying, planning, and working out the logistics, we were not able to go, but

We were able to send all the products and donations ahead. We were disappointed that we were not able to go physically, yes, but all things work together for our good.

Below are some of the products, including school supplies, skate boards, and helmets, that were sent! Thank you for your contribution.

Encounter 2023 Life After Loss

October is Breast Cancer Awareness Month, and evidence of this is seen not only here in the U.S. but all around the world. Breast Cancer Awareness is very important. However, because it's so noticeable, it's easy to overlook other very important causes recognized this month; for example, Pregnancy, and Infant Loss Awareness! It was also during this month that we lost our beloved Abigayle!

So, to commemorate, educate, and add our voices to this cause, The Abigayle Initiative hosts our annual life after loss conference. This year's conference is dubbed "Encounter 2023: Life After Loss!"
