Shed Permit Application Information

NOTE: Job is not to be started until permit is picked up and paid for.

1. **Application:** must be filled out **COMPLETELY** on the computer or in ink. *All applicants must submit a copy of the deed to the parcel.*
2. **Plot Plans:** **FILL OUT IN FULL** and submit with your application. Any changes must show on the plot plan with measurements. Plot plans must show dimensions of the lot drawn to scale, present buildings & proposed buildings. See page 4 of application.
3. **Building Plans:** **FILL OUT IN FULL** and submit with your application. The Shed Drawing Plan can be found on Page 7 of the application. The Materials List can be found on Pages 5-6. Please include all dimensions on the plan and list all materials that will be used. Any deviation from the approved plans must be authorized by the approval of revised plans subject to the same procedure established for the examination of the original plans.
4. **Utility Easements:** Sheds cannot be placed on any utility easements.
5. Costs for the work described in the Application include the cost of all the construction, and other work done in connection therewith, exclusive of the cost of the land. If final cost shall exceed estimated cost, an additional fee may be required before the issuance of a Certificate of Compliance.
6. **Insurance Requirements:** Contractors – Certificates of Insurance providing proof of Contractor's Liability (ACORD form), Workers Compensation and Disability Benefits coverage, naming the Village of Ravena Certificate Holder, must be on file before any release of permit. ACORD forms are not acceptable proof of NYS Workers' Compensation or Disability benefits coverage. If the permit is for work you are performing yourself on your owner-occupied property you can complete the form found at the end of the application.

Once the application is turned in, an average turn-around time for permit approval is seven to ten (7-10) business days, depending on the current workload. Incomplete applications will be returned thus prolonging the review process.

Once the job is started, inspections should be requested **24 hours** in advance. To make appointments call the Village of Ravena Building Department Monday-Friday from 9am-2pm.

Note: Inspections by the Building Department are required at the following schedule:

(You must call for inspections.)

1. Footings before pouring concrete.
2. Foundation inspection before backfill.
3. Plumbing, heating, framing, and electrical inspections are to be conducted before any closing in of the framework.
4. Insulation inspection.
5. When all work is completed, final inspection is required by the Building Department. No use of the structure is permitted without a Certificate of Compliance being issued.
