

THERMOFOIL CABINET DOORS

DIY CABINET REFACING INC. CATALOGUE 2024

Custom Builds, Cabinet Refacing, Cabinet Matching

There are plenty of reasons to choose thermofoil doors for your renovation. An affordable solution that looks great in a modern space; thermofoil is easy to care for and low maintenance- easily be kept clean with a damp cloth. Seamless joints and corners also prevent the build-up of bacteria. Manufactured to withstand humidity and temperature fluctuations- the tough PVC film also makes the components resistant to corrosion, UV, and scratching. Backed by a 5-year defect warranty.
