SAFENET Identification Program

HOW THE PROGRAM WORKS

In cooperation with local law enforcement and first responders, the SAFENET program assists in identifying individuals in the community that experience confusion, are lost, have a medical event and/or incident requiring EMS or law enforcement. These events can happen to anyone without warning and are especially dangerous to at-risk individuals.

SAFENET offers an optional bracelet that has participant's name, allergies and medical diagnosis to assist first responders.

This FREE service gives participants peace of mind to be active in our community with a safety net in case of an emergency.

The type of information stored in the secure Allen County identification system is:

- Name, address, phone number
- Picture (Optional)
- DOB, height, weight, hair/eye color
- Identifying body scars/tattoos
- Pertinent medical conditions
- Contact name and phone number

HOW TO PARTICIPATE

1. Please detach the application, fill out the form, seal and mail to:

COSS Grant Criteria

The program request must follow the Mission Statement of the Council on Senior Services...To promote services and benefits of seniors and their caregivers in Northeastern Indiana through a not-for-profit network catering to the aging population.

A maximum total amount will be awarded annually via the COSS grant process. The amount requested and the annual maximum award per organization is not guaranteed. The awarded amount will be determined by the COSS Board of Directors.

The focus of each request should mirror the purposes of the Council on Senior Services. These purposes include providing education, information and advocating for seniors. These purposes are to be accomplished using a grassroots approach. Grant recipients are notified and checks are awarded at the November membership meeting.

In order to continue to qualify for subsequent grant awards, a written report evaluating the project will be required by the COSS Board of Directors by May 1st. There will also be an opportunity to provide an oral report to the general COSS membership at the May meeting.

Deadline for grant requests is October 1st. Grant applications are also available on the website at www.councilonseniorservices.org

Safe at Home

THE PROBLEM

Every year emergency personnel respond to hundreds of telephone calls to homes where there is a possible emergency situation, but are unable to gain immediate access. It may be a concerned neighbor or a family member who has a fear for their safety or a 9-1-1 call that is answered, but the caller is unable to speak.

THE SOLUTION

Registering in the Safe at Home Emergency Registration System will provide important contact information to emergency personnel before an emergency occurs. The information you give is strictly voluntary, confidential and could save your life. Safe at Home information is entered into the computer system shared by police, fire and EMS services throughout Allen County.

HOW TO ENROLL

Seniors or family members may complete the FREE enrollment form and mail it to the address on the form. You or your family member will receive a postcard confirming enrollment and will receive bi-annual calls to update information. For more information, call 260-469-3036 or visit www.fwpcd.org/prevention or www.allencountyhealth.com.

Live, here. For the best of your life

Independent Living—Beautiful homes are within walking distance to the Community Center and dining, promoting independence and accessibility. Maintenance free/worry free homes include appliances and utilities. One, two and three bedroom options are available.

We are now taking commitments for our new homes in The Orchard!

Assisted Living—A wonderful option for those who need additional support with daily living tasks and basic care support in a home environment. Golden Years Assisted Living nurses and licensed caregivers provide attention and assistance 24-hours a day. One and two bedroom apartments with kitchen are available.

Healthcare—A radical departure from the traditional health care model, Golden Years Homestead is proud to be a pioneer for our innovative “neighborhood style.” Residents feel like they are part of a family, sharing a living and dining space, as well as the same nursing staff day after day giving consistent, higher quality care.

Rehabilitation—Sometimes as we age, things don't work the way they used to. With a little therapeutic intervention and the latest equipment, we can often get back on track. Golden Years offers outpatient physical, occupational, and speech/language therapies for all ages. We are in network with United Healthcare, Anthem, Aetna, and Medicare.
