About I am a freelance sound recordist based in Cardiff with experience in factual entertainment, short films and advertising shoots. I have travelled extensively across the UK and worked in a variety of different environments, from caving deep under the Mendip Hills, to floating across Lake Windermere on a luxury Yacht.

I always approach new challenges with a positive and enthusiastic attitude, and strive to achieve the best possible audio. As this, along with beautiful photography, is the best way to get new stories told.

- Skills**
- Owner/operator of a full sound kit - including 4 licensed Sony radio mics
 - Full UK driving licence with pass plus, and experience of driving abroad (Clean, held for 6+ years)
 - Build good relationships with contributors and presenters
 - Not afraid to get involved when working with a small team
 - Sound Technology (B.Sc (hons))
 - BBC Health and Safety modules - Completed: 07/2013
 - First aid at work certified - Completed: 06/2016
