CAPABILITIES

Custom Packaging Solutions: Experts in creating customized packaging solutions tailored to the unique needs of each customer, whether it's designing branded packaging for a quick-serve restaurant, optimizing packaging for food processors, or creating efficient packaging for grocery store products.

Quality Assurance: We ensure ourselves and our partners prioritize quality control and compliance with food safety regulations.

Materials Sourcing: Mapping a network of reliable suppliers and access to a wide range of packaging materials, including eco-friendly and sustainable options.

Cost Efficiency: We offer cost-effective solutions by optimizing packaging design, reducing waste, and maximizing material efficiency. This is particularly important for grocery stores and quick-serve restaurants looking to minimize operational expenses.

Innovative Designs: We stay updated with industry trends and emerging packaging technologies, offering innovative and eye-catching designs that can enhance product visibility and brand recognition.

Logistics and Distribution: We have robust logistics capabilities to ensure timely delivery of products to our customers. This is crucial for food manufacturers and processors who rely on just-in-time inventory management.

Sustainability Focus: We are committed to sustainability and can provide eco-friendly packaging options, helping customers reduce their environmental footprint and meet consumer demand for greener products.

Customer Support: We offer excellent customer support, with responsive communication and the ability to address any issues or modifications promptly.

Continuous Improvement: We are committed to ongoing improvement and innovation in packaging solutions, staying ahead of industry trends and evolving client needs.

EverPak is a packaging and sourcing company, with this extensive range of capabilities is a valuable partner for businesses in the food industry, helping you achieve your packaging and sourcing goals effectively and efficiently.

PROCESSOR

Packaging solutions for food processors are specialized solutions that address the unique needs of food manufacturing and processing industries. These solutions encompass a wide array of packaging materials, machinery, and systems designed to efficiently and hygienically package food products at various stages of production. They prioritize factors such as product safety, freshness, shelf life, and regulatory compliance. Food processors rely on these packaging solutions to protect their products, reduce waste, and meet industry standards while ensuring their goods reach consumers in optimal condition. These tailored solutions are vital in maintaining product quality and safety throughout the supply chain.

Tamper-Evident | Hinged | Two-Piece |
Film Sealable | Multi-Colored

CPET | Dual-Ovenable | Film-Sealable

Traditional Silver | Gold | Black |
Dual-Ovenable | Customizable

Protein Trays | Produce Trays

Lidding Film | Skin Packs | Flexible Films |
Laminated Paper Films

GROCERY

Packaging solutions for grocery stores are versatile and practical, designed to safely store and display a wide variety of food and non-food products. These solutions encompass a range of trays, containers, and flexibles that help keep products fresh, organized, and appealing on store shelves. Whether it's protecting perishables, reducing environmental impact with eco-friendly materials, or streamlining the shopping experience with clear labeling, these packaging solutions play a crucial role in enhancing the efficiency and attractiveness of grocery store operations. They are tailored to meet the unique needs of retailers while ensuring customer satisfaction and sustainability.

Rigid | Tamper-Evident | Hinged |
Cold Foods | Hot Foods

Food Buckets | Fry Scoops | Food Trays |
Paper Food Containers | Printable

Steam Pans | Rounds | Rectangles |
Foil Rolls | Dual-Ovenable | Colored

PET Deli | PP Deli |
Injection Molded Deli

Grocery packaging serves as the frontline ambassador for countless products on store shelves. It's not merely a protective shell but a vital means of conveying information, ensuring freshness, and enhancing the shopping experience.

From durable containers for produce to eco-friendly choices for non-perishables, these solutions are designed to meet the diverse needs of grocery stores.

CONVENIENCE STORE

Packaging solutions for convenience stores are designed to meet the specific needs of these small, fast-paced retail environments. These solutions encompass a range of packaging materials, containers, and displays that help efficiently store and present a variety of on-the-go snacks, beverages, and convenience items. With an emphasis on compact, easy-to-open, and grab-and-go packaging, these solutions enhance the shopping experience for busy customers while maximizing shelf space utilization for store owners. They play a crucial role in ensuring that products remain fresh, accessible, and visually appealing in the fast-paced world of convenience retail.

Microwavable Takeout | Tamper-Evident |
Hinged | Two-Piece | Embossable

Convenience store packaging is all about speed, accessibility, and instant gratification. These packages are designed for on-the-go customers who need quick and hassle-free access to snacks, beverages, and daily essentials.

In the fast-paced world of convenience retail, these packages play a pivotal role in providing customers with the quick, satisfying purchases they crave.

RESTAURANT- QUICK SERVE

Packaging solutions for quick-serve restaurants are designed to efficiently and hygienically package food items for takeout, delivery, or on-the-go consumption. These solutions include a range of containers, trays, and utensils that ensure food stays fresh, secure, and easy to handle. They are tailored to meet the fast-paced needs of QSRs, optimizing convenience for both customers and staff while maintaining the quality and presentation of the food. These packaging solutions are an essential element in providing a seamless dining experience beyond the restaurant premises.
