Organizational History and Timeline

1997

Four co-workers -- Carolyn Whitelaw-Whitney, Kimberly Phillips, Debbie Clark-Beecham and Sheryl Fleming-- came together by the leading of the Spirit through Carolyn Whitelaw-Whitney to start praying together in each other's homes.

2017

Through a property donation, Sisters In Christ was given the opportunity to rehab and opened its first sober living house in the Kansas City, MO urban core.

2019

Through a partnership with Jackson County COMBAT, Sisters in Christ opened the Safe Zone Neighborhood Hub, "a one-stop shop" located in Raytown where individuals and families at-risk for violent lifestyles can receive case management and care coordination.

2021

Sisters In Christ launched Youth Life Link, a subprogram of its Safe Zone Neighborhood Hub to provide at-risk youth with team-building activities which build camaraderie and enhance their academic achievement, community involvement, financial outlook, and resiliency against crime and violence.

2014

Sisters In Christ was formally established as a 501(c)(3) nonprofit organization and opened its administrative office in Raytown, MO.

2018

Sisters In Christ launched its **Dahomey Training Center**, a hands-on entrepreneurship education and **job training program** designed for women with histories of substance abuse, experiencing housing and employment struggles, and transitioning from correctional facilities.

2020

Through funding provided by The Health Forward Foundation and The Black Community Fund, Sisters In Christ scaled its Mental Health Services Program which provides trauma- focused, and culturally sensitive therapeutic interventions to women, youth and children impacted by trauma and abuse. Through the additional grant funding, Sisters In Christ was able to increase provider choice by partnering with four Black-led and minority-serving clinical therapists/counselors.

2022

Sisters In Christ established three satellite Safe Zone offices within the Raytown C-2 School District's three middle schools so that even more uninsured and underinsured youth and their families would be connected to services and wraparound supports to maintain healthy and violence-free lives.
