

President's Message

As we enter the summer season of 2017, our thoughts and plans turn to all Smith Mountain Lake has to offer (www.visitsmithmountainlake.com).

I would like to remind everyone, when using the facilities of Village East and Smith Mountain Lake, please keep in mind the safety of your family and guests. We share all our summer activities with other residents and vacationers. Therefore, respect is the theme of the day.

I am again hearing concerns regarding dogs off leash, excessive speeds on our roads and the misuse of our facilities. The pool, tennis court, boat docks, boat storage areas, greenbelts, and road right-of-way, are for the use and enjoyment of all the residents. No one single owner can take possession of any Village East property regardless of the proximity to their lot lines or the time they have been allowed to use it. The covenants of Village East Property Owners Association are not rules levied on Village East residents by the Board of Directors. They are, in fact, an agreement we have made with each other. All residents have agreed to adhere to the covenants which are posted at our website at www.villageeast.org. The covenants are not intended to infringe on the freedom of its residents, but are meant to increase the

enjoyment of living in Village East and to protect the value of our homes. After visiting our website, please feel free to call or email me with any questions you may have.

VEPOA Business

Based on the recommendation by the Financial Committee, the VEPOA Board has found it necessary to increase the dues by \$50.00 a year starting January 2018. The Board has never taken an increase in the dues lightly. It has been 10 years since the last increase. Our Committee Chairs have, during that time period, done an exceptional job of managing our money and giving us a neighborhood we can all enjoy and be proud of. In voting for this increase the Board felt it would be prudent to build our reserve in an effort to protect our residents against any special assessments.

June 10, 2017 is our summer picnic and owners meeting. This is a fantastic way to start your summer, meet new and old neighbors and be a voting part of your neighborhood. I can't express how much I would like to see everyone there. At this meeting, VEPOA members will be voting

(President's Message cont.)

for four new Board members and one Architectural Review Committee Member. Vice President: Woody Gregory's term will end this June. He has served our community as Vice President for over 9 years. Woody's oversight of the VEPOA Board's compliance, budget and community relations has set a standard of excellence. His many other community services are pulling him away from our Board. He will be missed.

Grounds Chair: Geoff Orth's term will end this June. We only have to drive or walk through Village East to see the fantastic job Geoff and his Committee have done.

Pool Committee Chair: Scott Brogan's term ended June 11, 2016. Scott agreed to stay on through the 2016 pool season. Mark Barillaro, a new member of our community, was appointed by the VEPOA Board to serve the balance of the year to June 10, 2017.

Architectural Committee Chair: Joseph Arthur's appointment will end this June. For the past year, he has been working with the Roads and Grounds Committees to address the right-of-way and drainage easements (as Village East grows, this plan must be in place for the benefit of all the residents).

Our nominees for the four Board positions, as of today, are: Geoff Orth, whom most of us know from his work as Grounds Committee Chair; Mark Thompson, who has been a part of Village East since 1987; Joseph Arthur has done an excellent job replacing Gene Suggs and he has a clear vision for the future of Village East; Mark Barillaro, who recently moved to Village East. He has taken an active role in our community since his arrival. I think these nominees will make excellent additions to our Board. If you have any questions regarding this upcoming vote, or positions on our Board or Committees please call or email me.

Erica Martin, with the help of John and Pat Russ, are compiling a communications network to keep Village East residents informed regarding Village East and Smith Mountain Lake. Be sure we have your contact information. Visit the web site to enter your information.

Committee Reports

ARCHITECTURAL REVIEW COMMITTEE

We are compiling a "to do list" of things to address to improve our community. I'd like to thank those of you who have discussed with me the platted drainage easements and erosion concerns you have.

Summer and Spring are busy seasons here within Village East with family and guests coming to visit. Let's be mindful of our neighbors and keep our properties

presentable so we can showcase how nice it is to live here within our subdivision. As a reminder, please take a look at your property frontage and maintain any small trees or limbs that may overhang too far into our Right-of-Way. We need to be aware of sight distance at intersections and overall line of sight as more traffic will once again be upon us.

ARCHITECTURAL REVIEW COMMITTEE (Cont.)

Updated Architectural Review Committee forms/application are forthcoming. Please be sure to check the website for the latest information. All property owners are reminded to check the Village East Covenants, By-Laws and Architectural Guidelines before any construction and/or tree removal. If you have any questions, please feel free to contact Mike, Gavin, or myself.

I hope everyone has an enjoyable, fun, and safe summer and I look forward to seeing you at the annual meeting.

Chairperson

GROUNDS COMMITTEE

Our big event for the coming quarter will be the semi-annual cleanup along Hickory Cove Road on Saturday, October 22nd, beginning at 9 a.m. We will supply bags and phosphorescent orange vests for all participants. With a normal turnout, we are generally able to complete the work within an hour.

During the last three months, we've completed repairs on the fence line; the removal of numerous dead trees in the green belts and along our roadways; and the repair of a broken gate latch at the tennis courts.

Work that will be underway the next several weeks includes the ongoing task of branch cleanup; the final lot mowings of the year; sign repair and ongoing placement of new signs; and the repair of a damaged bench at the tennis courts. We are in need of a volunteer to help direct the work of the Landscaping Committee, as Bonnie Gregory will be stepping down from her duties. Bonnie and her Committee has helped keep the

gate area gardens in fine shape and encouraged the maintenance of other gardens at our neighborhood intersections and cul-de-sacs. If you are interested in volunteering for this effort, please contact Bonnie at bonwoodgregory@gmail.com or me at gcorth@gmail.com.

Finally, the list of those waiting for boat lot spaces continues to grow. If you are no longer in need of your space, we ask that you relinquish it so that your neighbors, especially those living on off-water lots, can have a place to park their boats and trailers.

Geoff Orth, Grounds Chairperson

POOL COMMITTEE

Starting the week of April 24th, the Village East Pool Committee and the pool's maintenance folks will begin the process of getting it ready for the coming season, opening the weekend of Memorial Day. There are a couple of items the Pool Committee would like to bring to your attention. First, several have asked why the crepe myrtles were cut down. Basically, the blossoms from these trees were causing problems with the pool's filtration system. The blossoms would fill the strainer baskets to the point that pool water couldn't be drawn through them putting strain on the pool pump, a \$4000 item. Additionally, the seed pods from the poplar tree behind the pool (Little Creek Road) would get into the system and had the potential to damage the pool pump's impellers.

POOL COMMITTEE (Cont.)

This year, Pool Monitors will be wearing an identification badge. This is being done to make it easier to identify an individual as a monitor while at the same time letting pool users know that the wearer of the badge has the authority of the Board. However, any member can still request to see a valid VEPOA membership card. Please be aware that this year, monitoring of the pool will be more stringent.

Please review the pool rules and if you have questions, feel free to contact a member of the Pool Committee or the Board. As stated in those rules, users of the pool are required to have a VEPOA embossed membership card with them. Those individuals who do not possess a card will be asked to leave. If your property is a rental unit, it is incumbent upon you to ensure that your tenants are fully apprised of all pool rules. As stated in the pool rules, members are “directly and completely” responsible for the actions of children, guests, and tenants. Last season, we had an incident where a guest, unaccompanied by the sponsoring member, invited other “guests” to the pool. The Board has determined that guests may not invite guests; only members may invite guests.

The Committee is asking that parents not let their children play in any of the planters. In the past, there have been circumstances where children treated them like sandboxes and this has resulted in dirt and debris being left on the pool deck.

The Committee would also like to make it known that the outside water spigot (near the men’s room entry) is for maintenance purposes only. There have been several instances when this spigot has not been completely turned off after someone has used it.

Over the last couple of years, the pool has been subject to incidents of after hours trespass and vandalism. All such incidents will be turned over to the Bedford County Sheriff’s Department and complaints will be filed with that body as appropriate.

For the last several years, Bob and Mona Richards have done a fantastic job of maintaining the pool on a daily basis. This involves opening and closing the pool, cleaning the pool, the pool deck, and the clubhouse restrooms, adding chemicals as needed, and maintaining the outdoor furniture. Unfortunately, 2017 will be their last season. Consequently, we are looking for individuals who might be interested in this paid position for the future. If you are, please contact the Board or a member of the Pool Committee.

Our Village East pool is a wonderful recreational facility that is there for the enjoyment of VEPOA members. Those of us on the Pool Committee will do our best to ensure that throughout the season, the highest of standards will be maintained at the pool for your comfort and enjoyment.
