

PROSPECTUS

SEPTEMBER 2023 - 24

We offer personalised, effective, and inclusive education to students who have faced difficulties in traditional educational settings and require a more vocational pathway to achieve success in adulthood. We strive to provide our students with the skills and knowledge they need to flourish both academically and personally.

MISSION

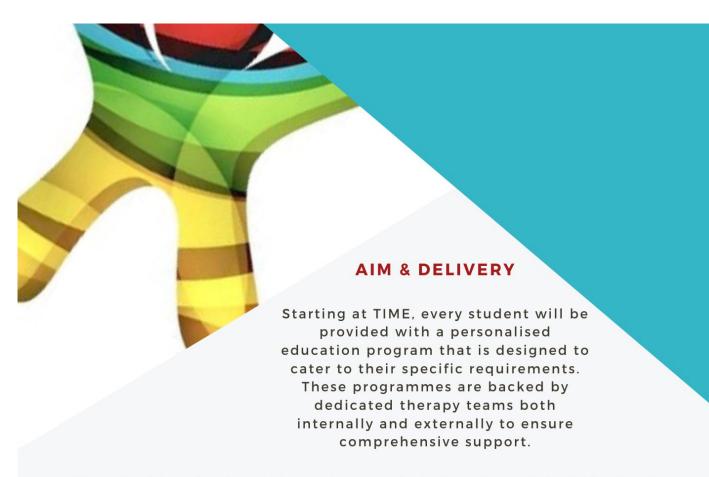

Our mission at This Is My Education is to create a positive and inclusive community that fosters the educational aspirations of all young people in a caring and supportive environment. We place the young people at the centre of everything we do, and strive to provide balanced, relevant, and supportive educational experiences that help them reach their full potential.

VISION

Our vision is to offer inclusive education that removes all barriers and supports the diverse needs of every young person, enabling them to achieve their full potential. We aim to provide a happy, safe, and effective learning environment that values and respects everyone equally, and equips students with the skills to develop themselves to their fullest extent.

VALUES

We are committed to creating a learning environment that is enjoyable, supportive, collaborative, and respectful, where every individual's needs are met and every young person is empowered to achieve their full potential. We believe that by fostering empathy, trust, and mutual respect, and by working together as a community, we can create an environment that supports the growth and development of each and every student.

The school has structured the day in a way that allows for both individual and group work, promoting the development of academic, personal, and social skills. The school also makes full use of the resources in the local environment and organises educational programmes that take students out into the community for practical activities, animal care study, and interaction with people in the community. This also includes library visits and country walks to enrich their learning experiences.

STUDENT PROFILE

Many of the students have on or more of the following:

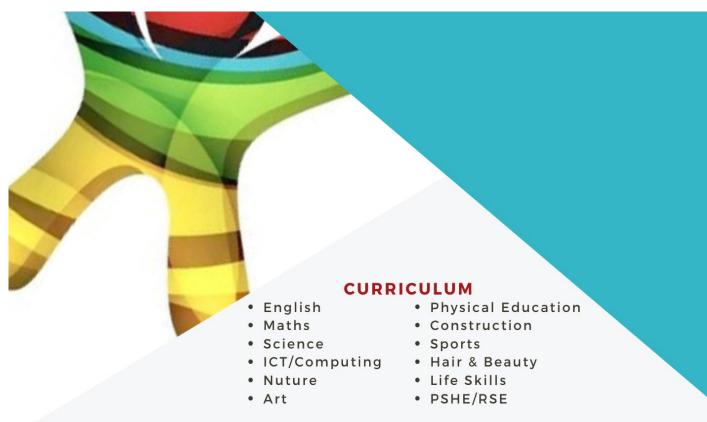

- Primary diagnosis of autism
- Social, emotional and mental health (SEMH)
- Complex needs
- Attention Deficit Hyperactivity Disorder (ADHD)
- Attachment disorder
- · Behaviours of Concern
- Difficulties such as Dyslexia or Dyspraxia
- History of educational placement breakdown
- An Education, Health and Care Plan (EHCP)

At TIME, we believe that education goes beyond the traditional focus on English and Maths. We recognise that communication, independence, knowledge, and skills are crucial components of a well-rounded education and we make sure to incorporate them into our lessons. However, we also firmly believe that for learning to be truly effective, every experience our students have with us, every day, must be meaningful and valuable. Our curriculum is designed to ensure that this is the case, as we are committed to providing the best possible education for our students.

AT TIME WE BELIEVE THAT A HOLISTIC APPROACH IS KEY, INVOLVING ALL ADULTS AND STUDENTS IN THE SCHOOL

At our school, we place a high value on developing strong relationships with families. We believe that working in partnership with parents and guardians is crucial in providing the best possible support for our students. Our aim is to establish trust and build a strong rapport with families so that we can effectively address any challenges and offer support in a respectful manner. We are committed to working together with you to achieve the best possible outcomes for your child.

The curriculum at TIME places the child at the centre of the planning process. We provide a holistic approach within a nurturing environment. From day one to the last day of attending TIME places the emphasis on providing all students with the skills and knowledge they need to be confident young people who are well prepared for the next stage of their lives.

All staff are highly effective in assessing student's abilities and needs and providing enjoyable and motivating learning experiences. Students have positive attitudes to learning with individual targets in the four areas of their Education, Health and Care Plan (EHCP):

- Communication & Interaction
- Cognition & Learning
- · Social, Emotional and Mental Health
- Physical/Sensory Needs

I will always try my best to ...

... control my actions

... understand that everyone is different but we are all equal

... communicate in my own way and have my choices valued

... work hard and allow others to do the same

... look after my school and take a pride in my community

... take time to listen and understand Everyone is vital to the success of TIME, we work as a community, Staff, parents and young people are all asked to follow our code of conduct.

SUPPORT AND PARTNERSHIP

We are able to, meet our students needs at TIME thanks to the extremely effective partnerships we build with families and others. At TIME all young people and adults involved within the school support our mission, values and vision. We strongly believe that working together can make a real difference for our students. Building successful partnerships that ensure families feel that they are valued in the core purpose of our school.

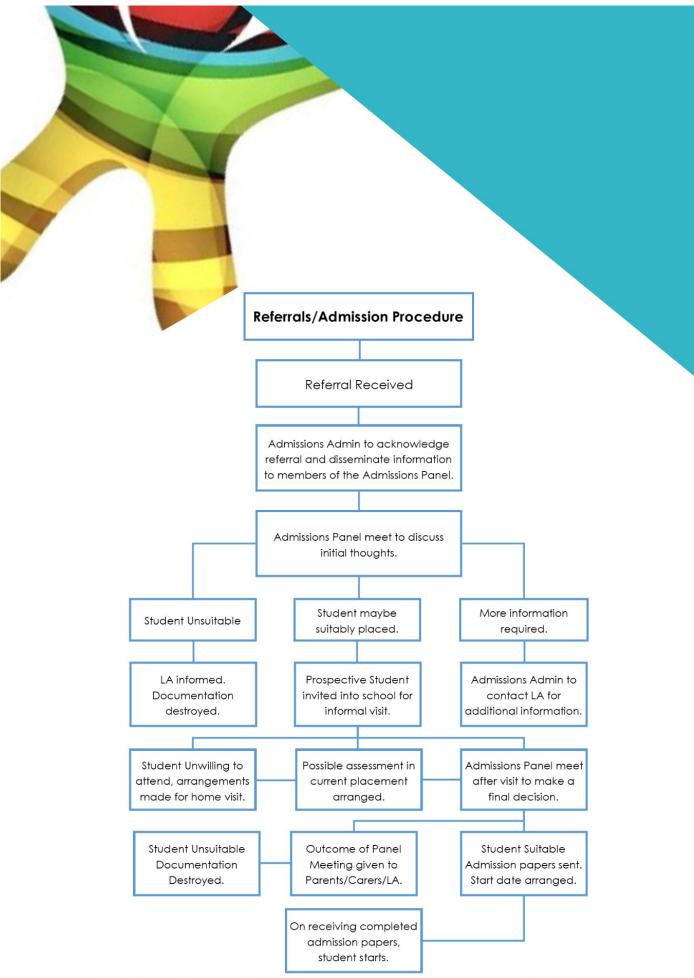

MEETING STUDENTS NEEDS

We have strong links and work closely with external agencies including speech and language therapists, physiotherapists, educational psychologists, sports coaches, cognitive behaviour therapy (CBT) and personal centred counsellors, dance teachers, Connexions, social care and many other agencies.

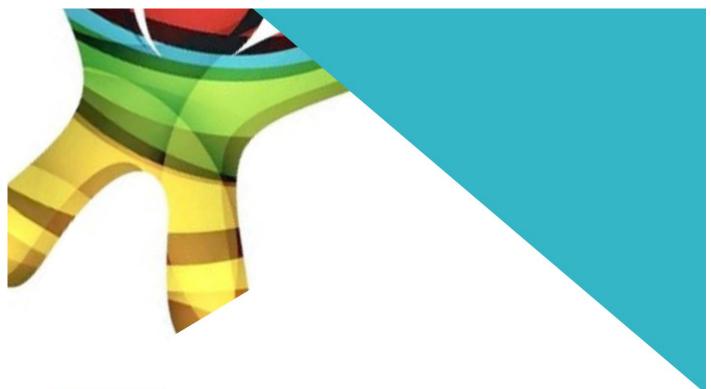

BEHAVIOUR SUPPORT

Behaviour and safety at TIME is outstanding. We have our own approach to behaviour support which is highly effective in supporting students to remain engaged with their learning. This is in partnership with families and in connection with a range of other support services such as social care, CAMHs, educational psychology and family support.

Full or Part time placements are available.

REFERRALS

Referrals can be made by a range of different pathways, from parent direct referrals, school referral or by local authorities. To determine whether TIME is the right placement, the headteacher will carefully examine each EHCP and other relevant background information. Prospective students are assessed within educational and clinical areas, depending on their current circumstances. Following this the headteacher can then decide on the correct placement for the student.

ARRANGE A VISIT

Choosing the best option for your child is a crucial decision that can be quite challenging. Therefore, we highly encourage students, parents, caregivers, and anyone else to visit us at TIME so we can showcase why our school may be the ideal fit for you. This visit will also enable you to interact with our staff and students. We provide tailored guidance and advice to ensure that all your concerns are addressed. Call the office on 01744 808040 to arrange an appointment.
