THE DISPLAYFOLIO®

Exhibit & Display Catalog

In the demanding environments where display products are relied on day after day, customers increasingly recognize the importance of quality and of having a partner who can support their evolving needs.

Whether you need one stock item or five thousand custom frames, we are committed to being your source for quality and value in visual merchandising.

We continue to invest to improve the quality of the products and services we deliver to you, our customers. It takes a team effort from our employees, whose priority is ensuring that your projects are successful. Our approach has always been to listen carefully to our customers, and to deliver products that meet your evolving display needs. We service a wide range of industries.

We are proud of our extraordinary reputation for quality, value and reliability. We source the finest quality components, and because we manufacture in the U.S., our supply chain is shorter, "greener", and we can offer customizable solutions tailored to your needs. We are excited about our future and look forward to continuing our pursuit of opportunities together!

VISUAL

Communication Merchandising Presentation Displays

Visual Opportunities Everywhere

Customer Base

Retailers and Brands, their Visual Merchandise and Store Planning departments, associated Digital Printers, Marketing, Logistics and Installation companies.

Large format Digital Printers who realize that the more competitive display options they can offer to their client base, especially customizable ones, the more printing they will sell.

The Trade show Exposition Industry, the Event Industry, Promotional companies, Ad Specialty companies, Sign Distributors and Retailers, P.O.P. companies, the Store Fixture Industry.

eCommerce and other resellers across many industries and businesses that are able to resell our products and earn good margins doing so.

O.E.M. companies that buy assemblies and complete products. They rely on our fabrication, quality, and reliability. Our ability to customize and quickly get it to market cost effectively is key.

Value Driven

Functionality, durability and clean design are guiding principles, yet no criteria is more important than providing value. Value is engineered into every product.

Value is achieved because we have over a hundred years of experience, a large inventory of existing tooling, and are extremely vertically integrated. Virtually all our products are made in house.

We are especially proud of our American workforce and feel we can out work, out design and out produce our foreign competitors to deliver value across all our lines.

Catalog = Idea Book

Because the products in this catalog are almost all manufactured in house, we gladly customize designs to meet your unique needs (quantity required).

Whether a custom color, a custom size, or a totally new product that uses similar materials as an existing product, we are ready to offer options for quantity opportunities.

Product innovation is customer driven by experienced design, project manager, and art teams that work closely with you, the best customers in the world.

WE WANT TO HEAR FROM YOU!

Please explore this catalog to see how innovative visual merchandising, communication and presentation displays can be used in your environment successfully.

Imagine the possibilities...

Customer Driven Product Innovation

Tradition of Service & Reliability

A tradition spanning over 100 years and four generations, family owned and operated.

End to end service including quick quotations, speedy prototyping, quick roll outs, drop shipping, kitting, labeling, tracking spreadsheets, and more.

Innovative, solutions driven, a sense of urgency, decades of existing tooling and know how, a superior quality level, with value across the board.

MADE IN USA
IT MATTERS!

Fully Integrated

Great design, engineering, art and customer service teams with a can do attitude yielding the very best creative and effective solutions.

Products are made with tools and dies to ensure conformity and quality. Limited Lifetime Warranty except light boxes which is one year.
Dye Sublimated printing. Lots of fabric choices and mounting methods with an in house graphics department to support and guide.

As an American manufacturer you can count on excellent service, spare parts availability and support when needed.

CUSTOM IS OUR SPECIALTY

From Customer Pencil Sketch To Successful Roll-out

your concept.

our engineering & execution.

Quick Quoting

Metals

- **Aluminum** – A lightweight metal, non-magnetic. Anodizes and powder coats well.
- **Steel** – Three times the weight and strength of aluminum but a third the cost making their relative utility a "push" value wise. Powder coats very well.

Finishing

- **Powder coating** – An electrostatic process whereby plastic polymers get fused to the metal with excellent coverage and adhesion. Any color is available including textures & glimmers. Good on aluminum and steel.
- **Anodizing** – Appropriate for aluminum, not steel. Virtually all our aluminum tubing is stocked in house in an etched and clear satin anodized finish.

Packing

- **Boxes** and inserts are manufactured in-house because of the importance of getting the product to market intact.

Packaging design and box making done in-house!!

Hanging Graphics Hardware

**Modular system.
Customize To Your Needs!**

**MADE IN USA
IT MATTERS!**

Rail Options

• Rails can be Extruded Profiles, Round or Square Shapes, cut to size and finished in virtually any color.

**Design a Perimeter Rail
to match your visual merchandising vision**

Rail Connections

• Hang-On Perimeter Rails can be connected in series.

Hanging Graphics Hardware

Upper and Lower Tier Perimeter Rail Systems

Upper Tier
Perimeter Rail

Subcategory
Valance Rail

Double Rail System

- Allows staggering or layer effects for signage
- Rails can be Extruded Profiles, Round or Square Shapes,
  cut to size and finished in virtually any color.
**Modular system.
Customize To Your Needs!**

Mounting Plates

- Laser cut steel electrically welded, powder coated finish.

Hangers

- Formed to hang from rail, all metal, powder coated finish.

Hanging Graphics Hardware

**Modular system.
Customize To Your Needs!**

Great use for

- Sign
- Placard
- Panels
- Graphics
- Light Boxes

- Frames
- Structures
- Boards
- Mirrors
- Cubby Covers

Hanging Graphics

- Place hanging graphics anywhere along bar. Offers the versatility merchants want to be able to reposition their products.

Inexpensive Barn Door hardware available.

Hanging Graphics Hardware

Steel Strip

• Great for category level signing also known as lower tier rails. Using on valances is common.
**Great in store marketing signing can help to promote a cohesive store design**

Steel Strip is mounted to a wall, then a 1/2" square tube is attached in front.

Fitting and Puck

• Attach fitting and puck to the sign and hang on rail. Sign simply sits atop rail and is movable along rail.
Strap, Fitting and Puck

• Attach strap, fitting and puck to the sign, then hang from rail. Hang anywhere along rail.

Hanging Graphics Hardware

Designed to be used with plaster, wood
or suspended grid ceilings

Universal Track Sets
For plaster or wood ceilings, white finish

• Aluminum alloy tracks

• Includes glide hooks.

• Hooks snap in track anywhere

• **UTS8** comes in 2 sections with
  joiner inside and threaded holes
  in top of extrusion

Model	Length	# Hangers
UTS2	24"	2
UTS4	48"	4
UTS6	72"	6
UTS8	96"	8

Glide Hook

Plaster & wood ceiling hardware

Grid Divider Universal Track Sets
For suspended drop ceilings, white finish

• Locate signage where you want

• Includes glide hooks.

• Hooks snap in track anywhere

• For 24" square tiles or 24" x 48"
  tiles (across the short side)

Extended tongue on
each end rests between
the tile and the grid.

Model	Length	# Hangers
UTD	24"	2

Hanging Graphics Hardware

Amazing versatility of design. Change signage placements easily and often for refreshing new looks.

All rails over 93" are in 2 sections (unless customer specifies otherwise)

Suspended Rod Kits
For big box stores and others with high ceilings.

Cut rod and sheath to length, clean threaded ends with a file, mate with couplings.

Sliding Cross Tracks

• Aluminum 3/4" x 1" alloy track
• Clip-on intersection plates (2)
• Includes glide hooks
• Hooks snap in track anywhere
• **UTC8** in 2 sections

Model	Length	# Hangers
UTC2	24"	2
UTC4	48"	4
UTC8	96"	8

Cross Track with Connector Glide

Position perpendicular to two parallel Universal Tracks via connecting glide.

Suspended Rod Kits

• 3-1/4" diameter ceiling plate
• Threaded rod with white sheath
• Two 1/4-20 steel couplings
• Steel spring clip to attach to top of Universal Ceiling Track
• White finish

Model	Length	*96" rod is in 2 sections with joiner

Hanging Graphics Hardware

Supports for the Digital Image Revolution

- Artists everywhere are printing on metal panels, and the images are often eye popping

- Increase impact by using our new Floating Stand Off Mounts – today's new modern way to display digital prints

- Prints are set off the wall an inch creating a floating frameless effect, with no visible hardware

Color

-S	Satin Silver

High Bond Tape is supplied to hold graphics to StandOff Mounts.

Graphic attaches to StandOff Mount with High Bond Tape.

Floating StandOff Mount hangs from wall cleat.

Digital print (not included), attached to StandOff Mount.

Components - Available in kits or a la carte

Right angle push in corners.

1" square aluminum, quick, tool-free assembly.

Top section hangs from wall cleat.

Wall mount cleat includes mounting holes.

Security options available to "lock" frame to wall.

Hanging Graphics Hardware

Float your Digital Print Off the Wall

• Our new Floating StandOff Mounts – a dramatic approach to display your digital prints

• Prints are set off the wall creating a shadow effect to add depth, framelessly, with no visible hardware

• Our system hangs on the wall with an intrinsic "French Cleat" design

Mightee Mounts™
Rigid Graphic Stands

Modern Frameless Design - Adjustable Depth

- Attract buyers with single or double sided graphics

- Our unique M shaped Steel Base assemblies accommodate up to 1" thick substrates

- Extremely cost effective; graphics are displayed in a modern frameless fashion. Extremely sturdy as all the weight is centered on the floor

- 3-1/2" Height off floor, 9" front to back

- Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes by sandwiching graphic above the carriage bolts

Specify: Model — Color
