### **LYNN O'MARA, MBA OPENS STRATCAT CONSULTING™, LLC** *Think like a Lion...Move Like a Cheetah™*

CARSON CITY, NV – July 6, 2022 – Today, Lynn O'Mara, MBA announced the opening of StratCat Consulting™, LLC. The firm provides business consulting services that include strategic guidance and support to key executives and board members; implementation and execution of business and strategic plans; and assistance with government and investor relations, marketing communications, and regulatory compliance navigation.

“StratCat Consulting is the catalyst that sets business strategies in motion for growth and success,” said Ms. O'Mara, StratCat Consulting, LLC Owner/CEO. “While the creation of a strategic plan establishes the company vision, it is the plan's implementation and execution that facilitate achieving its mission. StratCat Consulting can assist with this process and help clients to foster efficient operations, generate revenues, and meet company goals and objectives.”

According to Ms. O'Mara, “The inspiration for StratCat Consulting is drawn from the historical symbolism of the Big Cats that offers shrewd wisdom to help guide a successful path for any business.” She continued, “This means helping clients to think strategically like the Tiger, move quickly like the Cheetah, face challenges like the Lion, and be visionary like the Leopard.”

Ms. O'Mara is a results-oriented business executive with experience that encompasses strategic planning and execution; key executive and board member counsel and support; business and marketing communications; government and investor relations; economic development; defense R&D; high density microelectronics; intellectual property (IP) management; quality assurance and ISO-9001; small business, nonprofits and startups; and hands-on government experience.

Most recently, Ms. O'Mara was V.P. of Administration and Projects for Northern Nevada Development Authority. Prior to that, Ms. O'Mara worked for the Nevada Department of Health and Human Services, a southern California Nasdaq technology and defense R&D company, and several large medical centers.

She earned a Master of Business Administration degree from Pepperdine University, Malibu, CA and a Bachelor of Arts degree from Rosary College (now Dominican University), River Forest, IL.
