Various committees and union training
Bachelor's Degree in Labor Studies

Members' Choice candidates adamantly opposed the divisive contract that stole our pension and passed the Membership Bill of Rights to ensure that never happens again.

Our Business Rep candidates held multiple union leadership positions, gaining valuable experience in each position to better represent our members and enforce the contract most effectively

There is a stark difference between our Members' Choice Business Rep candidates and the other candidates. The members running against our Business Rep candidates have not even served as a Union Steward or on any union committees. Rather than becoming involved and learning along the way, they decided they should start their involvement as a full-time business rep who would then support 60-80 Union Stewards in their area of assignment.

RE-ELECTING OUR LEADERS SENDS A STRONG MESSAGE TO BOEING WE SUPPORT OUR 751 UNION NEGOTIATORS!

Members' Choice Business Rep candidates have held multiple union leadership positions, gaining valuable experience in each position to better represent our members and enforce the contract most effectively.
