

A New Workshop for Past-Life Regression

Past Life Regression and Forgiveness Protocol, a New Way to an Efficient Resolution for Your Client!

Developed by Rev. Donald Hood, CHt, CDP

When you combine past life regression and forgiveness, you can bring a more comprehensive resolution to many of the issues with which your client may be struggling.

Donald Hood will show how these two modalities, when used in tandem, will resolve many issues maybe spanning lifetimes. This is a simple and effective protocol that is straightforward to learn and you can put it into practice with your next client.

This works whether or not you or your client believes in reincarnation. No particular belief system is necessary for this to be an effective way to resolve issues that have been deeply embedded into your client's consciousness. Cleaning up the past to clean up the present.

Students will have the opportunity to gain hands-on experience and will come away with a new, solid protocol that will set your client on a path of Love and strength.

Only \$397 (Discount to students of the Releasement Program for only \$297)
