

# How Do YOU make money with Essential Oils?

Let me take a few moments to share with you.

# Meet L.O.F.T. Canadian

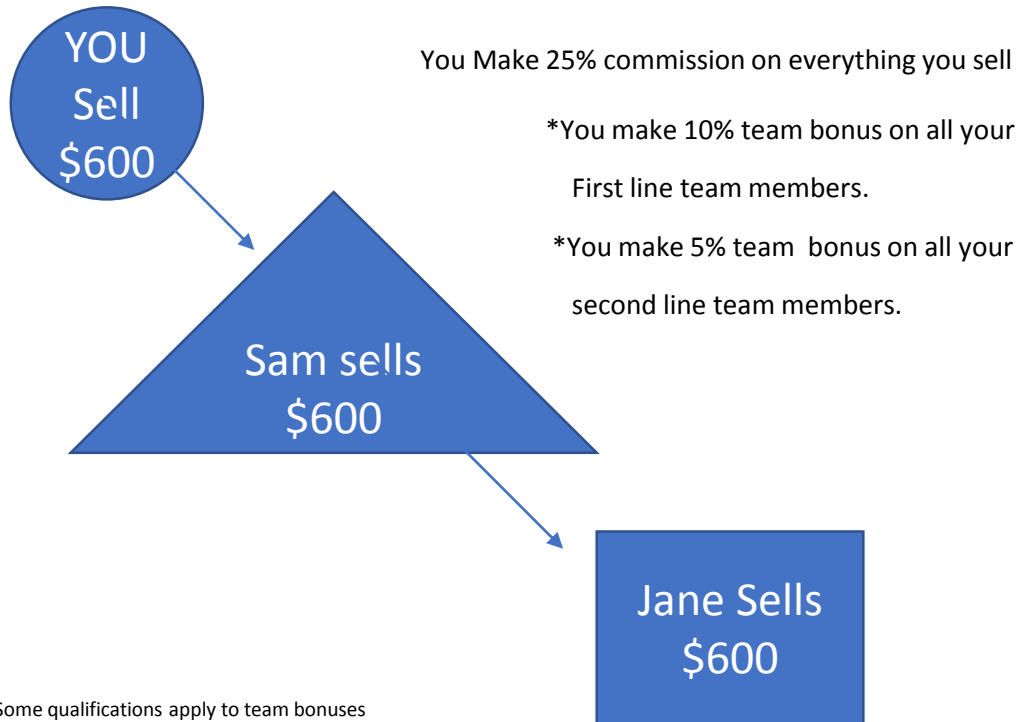

Robert & Wanda Schultenkamper, Terry Clark, and  
Michelle Rozak (not pictured)

# Our Story

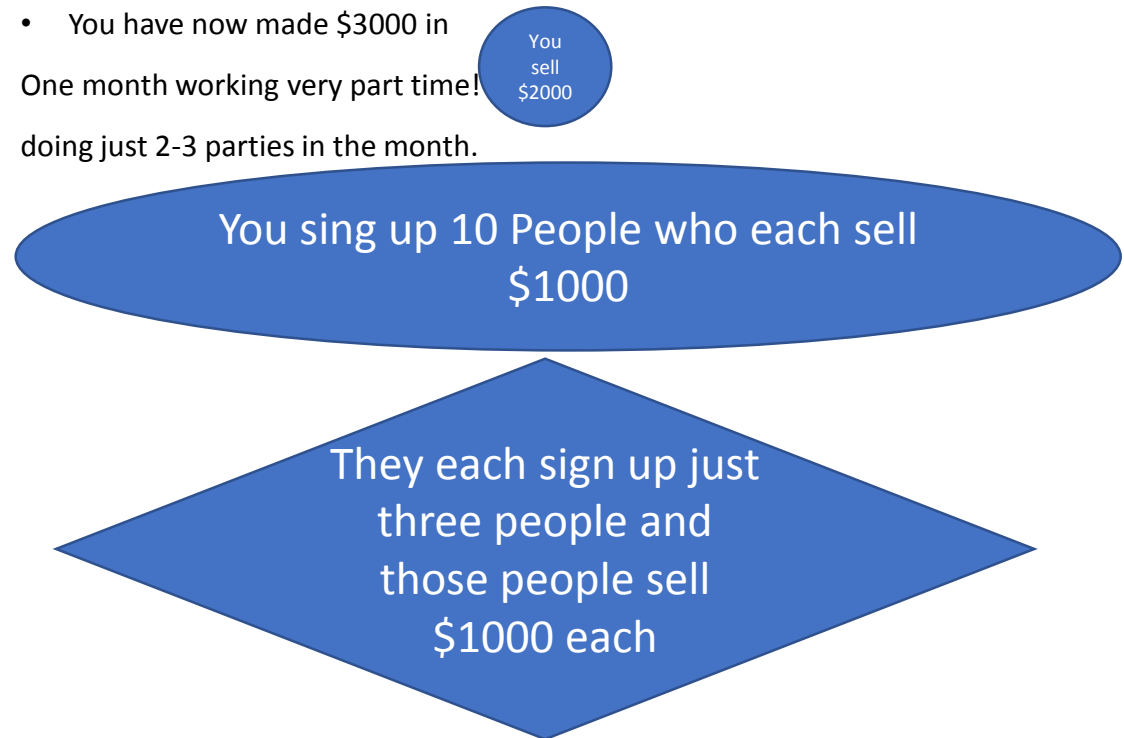

- After living off grid for over 10 years, where survival is an every day experience, proper preparation became essential. We grow and forage herbs to have a healthier life. Soon we realized that more people may want to learn how to survive the same way we do and began having “prepper” meetings that would teach others just that.
- In 2016 L.O.F.T. Canadian was formed, carrying all the essentials needed to sustain life without the high costs of utilities. We have the necessities that one would have to have on hand in case of emergency for all different types of situations. Focusing on what was needed for good health we came across Essential Oils, we came to the conclusion that they are vital for every day health. However looking at the market we knew that there had to be a more affordable alternative to the main companies that were out there. Finding a supplier close to home was a major bonus!
- Late 2017 heading into 2018 the marketing plan for Essential oils came into fruition bringing a wonderful way to better peoples lives without emptying their bank accounts. And thus has brought us to you now.
- We are very proud to say that our Essential oils are all packaged and processed locally here in Alberta! That is how we are able to have high quality Essential oils that are actually affordable! We don't have that huge mark up for importing that most other companies face.
- We at L.O.F.T. Canadian know that you and your family can find natural solutions to every day problems that are not packed full of chemicals and additives that your body does not need.

# Now Here's how you can make money with Essential Oils.

## Simply Put

## The bigger picture

The oil business opportunity is rapidly growing! Most people have heard of “the oil thing” but not all are properly educated in using them. This is where we come in. Most people just want to learn how to use oils properly and actually have them work. L.O.F.T. Canadian Advocates primary objective is to teach people just that. While most Advocates are focused on the use of Essential Oils for the wellness and health of their families and friends, there are also those who want to develop a profitable business by working to grow and achieve a successful income. We have put our heads together to come up with the most amazing business plan for you!

While most companies we have come across we have discovered that you have to work so hard and build for so long before really seeing a profit that is worth call an income. So we have made it 10,000 times easier! Can you get excited about that?! Here is the best part, when you join our movement to better your health and the health of your friends and loved ones by getting one of our two starter kits.... You can begin earning money right away!!!

You automatically are entitled to a 25% discount! So what that means, anyone you share the products with, you get to keep a 25% profit. There is no waiting for a check in the mail or wait a whole month to get paid. You keep the money the very same moment you get it from your client. You just submit the remaining balance after your discount to the company. Can it get any better than that?

Yes! Yes it can! When you find someone else that is interested in joining your team, or even just someone who wants to have your amazing discount, you again are automatically entitled to earning a 10% team bonus on all of their orders! (Some qualifications will apply. You have to do \$600 wholesale in the calendar month to receive your bonus)

And it doesn't stop there! Your team member sees how excited you are to receive your monthly team bonus, and decides to sign up a friend. Now you are making a 5% bonus on all people from your second line of team members. (same qualifications apply) Its so simple its almost crazy! Just a small note on this is all income is subject to individual Advocate efforts and by no way is guaranteed.

You really cant go wrong! You can build either as fast as you want or as slow. Its all up to you! Now that you can see the bigger picture, lets take it up a notch.

You have done 2-3 parties in the month and have sold \$2000 in product. Put in minimal hours. (average of 10-15 hours for the whole month) your profit for just that few amount of hours is \$500. that's not bad for very part time work. But you have also introduced 10 new Advocates into the Business. And they get busy doing half as many shows as you and each sell \$1000 in product. For doing no more work whatsoever, you are going to get a team bonus check on the 5<sup>th</sup> of the following month of \$1000! And you have done NO EXTRA WORK! Now lets just say that those 10 people are super go getters and sign up three people each. And those three people each do a party or two and sell \$1000 each in the same month. You have now earned another team bonus of \$1500! And seriously you have not done any more work at all. Just shared with people who shared to opportunity. Your income for the month has now become \$3000 for only working 10-15 hours!!! That is only part time work! Can you just imagine working full time?!

Now you are either thinking one of two things....

1. Where do I sign?....in that case – we have a contract right here.
2. How do I do this exactly? – that is super simple. We teach you. You are not in this alone Ever! But here is a simple guide line to live by.

## **Dailey**

1. Contact 3-5 new people each and every day.
2. Engage in 30 minutes of personal learning.
3. Follow up with contacts or leads.
4. Use your essential oils.

## **Weekly**

1. Host 1-2 gatherings, classes, or information sessions.
2. Call your mentors.
3. Plan your week, and work your plan.
4. Take a day of rest. (just not 7 LOL)

## **Monthly**

1. Attend a monthly training seminar.
2. Evaluate your long term goals
3. Most important. Have fun with it!

### Dailey.

1. Contact 3-5 people each and every single day. Talk about essential oils to every person that gets within arms length of you. Get excited about essential oils and people will get excited too! Its infectious.
2. Engage in 30 minutes of personal learning. Read a book, (ask me my faves, I have lots) Say your affirmations, Go through your “I” story. Work on you.
3. Follow up with contacts or leads. Call them, text them, facebook them. It doesn’t matter how you reach them as long as the effort is put in. they wont stay leads forever. Just go for it!
4. Use your essential oils. This is super important. You cant talk about your essential oils or even get excited about them if you have no idea how they work.

### Weekly.

1. Host 1-2 gatherings, classes or information sessions every week. Lets face it. If you are not showing the products to people. You will never sell products to people.
2. Call your mentors. It is always great to be lifted up. Bounce ideas off someone else. Or learn new avenues. That is what we are here for.
3. Plan your week and then work your plan. That way you know what you are doing and don’t get too distracted and then at the end of the week you don’t know what you have done. Or worse you have done nothing even though you had such great aspirations at the beginning of the week.
4. Take a day of rest. Just not 7 LOL. You need to make time for you and your family or it becomes too much and then that is when people give up on their dreams.

### Monthly.

1. Attend a monthly training seminar. This is where you are going to learn more about the company. More about business building. Where you learn different strategies and plans. And where you can go to get lifted up and excited again. You get your cup filled, or so to speak.
2. Evaluate your long term goals. Research them. Break them down into bite size pieces. And even make a dream board that you can look at every day and remind yourself what you are working towards.
3. And the very most important thing is HAVE FUN! This is not a J.O.B. that is a gross word. This is your life. Make it the very best!

# Our Large Starter Kit

- Lemon Essential Oil 10 ml
- Rosemary Essential Oil 10 ml
- Myrrh Essential Oil 10 ml
- Cinnamon Leaf Essential Oil 10 ml
- Lemongrass Essential Oil 10 ml
