Exposing & Eradicating Child Trafficking in the USA

Our Mission:

- 1 Raise Awareness**
Awareness reduces predator's ability to operate, funds predator arrest missions, gives victims a voice, & saves lives. All of us can do something.
- 2 Arrest & Convict Predators**
V4CR has a 100% conviction rate as a result of joint counter-trafficking operations with law enforcement & NGOs.
- 3 Rescue & Rehabilitate Victims**
Programs & therapy that help survivors heal & redesign their lives.

Child trafficking is the fastest-growing & 2nd largest criminal enterprise in the world. The USA is one of the main hubs.

- It's estimated to be a \$38-50 BILLION dollar per year industry in the USA.
- Each child predator abuses an average of 70 victims.
- Unlike weapons & narcotics, a child can be sold over & over.

If more people knew what to look for & how to safely intervene & report it, more children could be prevented from harm.
