

Falbo's Family Karate Transportation After School Karate (T.A.S.K.) 2023-2024

What do the TASK students do when they arrive at Family Karate?

Most students arrive around 2:45. Students take their karate lesson daily and participate in a karate drill daily. Then at 3:00 it is snack time and story time, then free time for homework until your karate class begins. Parents should be picking up by 6pm or after their karate class has ended. There will be a charge of \$5 if picked up after 6:15. Students should bring a snack for after school - one is provided for \$.75-1.25 should they forget. You may also set up a prepaid account for their snack money.

Do the TASK students get the same Karate program as the others?

Yes. Your child will get physical exercise; learn discipline, manners, respect for teachers, parents, and other students as well as themselves. They will develop self-esteem through earning belt ranks in Karate that is found no where else and then gain self confidence. Develop the “Yes I Can” attitude that will carry over into school, work and other sports.

What happens when there is a school holiday or early release?

TASK enrollment **automatically includes** day camp for early release days and teacher planning days and some holidays. If you are enrolled in the TASK program your child can attend the daily camps at no additional charge. The karate school opens at 7:30 am. For the week-long camps such as Thanksgiving, Christmas, Spring Break (Mar 18-22), etc., there will be a small daily additional fee (\$10 per day). We are **closed on Labor Day, Thanksgiving Day and the day after, December 25 & 26, January 1, and Good Friday March 29.**
