

Galal Paper

Associated Industries For Paper & Packaging

Galal family has been producing paper board since 1950 and is considered the industry pioneer in Egypt. Associated Industries for Paper and Packaging (known as **Galal Paper**) is the family's most modern paper board producer specialized in producing high quality Core Board Paper with **ply bond up to 700 joules**.

What do we Produce

We are specialists in producing core board for paper tubes, paper cores and edge protectors with annual capacity of 60,000 tons of high-quality paper with ply bond up to 700 joules. Today, we are the leading Core Board producer in the middle east with exports to Americas, Europe and Asia, supplying our core board to leading manufacturers of paper tubes, cores and edge protectors in Egypt and across the world.

Why Galal Paper?

1. Consistent High-Quality Product:

Our manufacturing process that is digitally controlled and our quality control process formalized to ensure consistent product with high quality.

2. Quality Control:

Every produced paper roll is tested in our state of the art lab which offers a wide range of testing capabilities for paper testing.

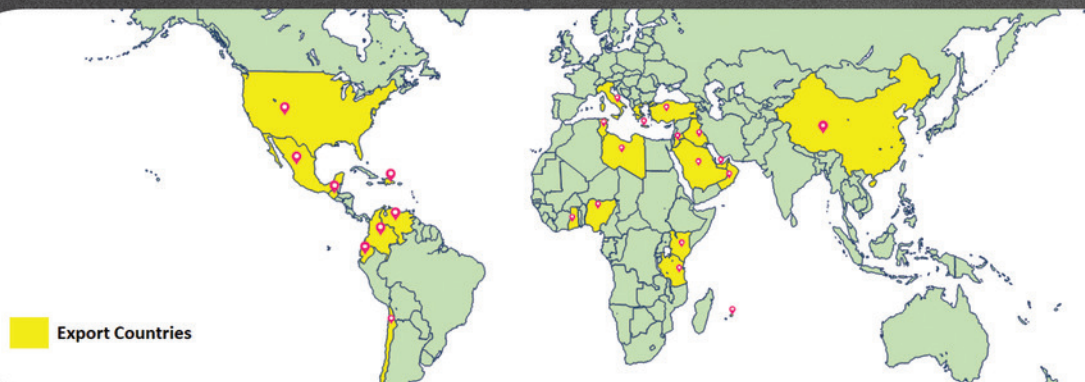

3. Flexibility:

We are flexible in modifying our paper specifications

Export Experts

We are experts in managing exports requirements from logistics, documentation, product packaging, etc. in an effective and efficient manner. We export to USA, Puerto Rico, Mexico, Colombia, Chile, Guatemala, Ecuador, China, Saudi Arabia, Jordan, Oman, UAE, Iraq, Turkey, Italy, Greece, Libya, Tunis, Mauritius, Kenya, Nigeria, Tanzania, Ghana and our target is to reach more customers globally.

Applications

PAPER TUBES "CORE"

PAPER CONES

PAPER EDGE PROTECTORS

Core Board Production Capabilities

- Basis Weight: 200- 600 Gr/m².
- Moisture: 6-8%.
- Roll Width: 50mm to 1950mm.
- Roll Diameter: 600-1250mm.
- Ply bond: 200-700 Joule/m².
- Bulk: 1.3-1.5 cm³/gr.
- Burst index: 1.1 to 2.5 Kpa.m²/gr.
- Cobb 60': per request.
