

## Presentation Scanners

### Cobalto CO5300

The new Cobalto™ CO5300 omnidirectional presentation laser scanner guarantees an excellent value for customers looking for outstanding performance in a stylish and full-featured product. The Cobalto CO5300 presentation scanners are the ideal solution for checkout counters in convenience and specialty stores

### Gryphon I GPS4400 2D

The Gryphon™ GPS4490 area imager is a full 2D presentation scanner in a compact and stylish body. This reader's compact size makes it the ideal solution for space-constrained environments. Its adjustable stand positions the scanner for easy, intuitive reading

### **Magellan 800i**

The Magellan™ 800i omnidirectional presentation scanner is a versatile data collection tool for many applications. It uses Datalogic's latest digital imaging technology to provide intuitive and fast reading of 1D and 2D bar codes as well as supporting more advanced features like image capture and EAS tag deactivation

### **Magellan 1100i**

The Magellan™ 1100i omnidirectional presentation scanner is a high performing and versatile data collection tool for a variety of applications. Datalogic's Illumix™ intelligent illumination technology in the Magellan 1100i reader optimizes light levels to automatically capture images and read codes from mobile phones, PDAs, or computer display screens
