<p>Logo & Branding A brand is critical to the success of a small business; in fact, it can be just as important as the product or service being offered. An effective brand changes the way people think about and interact with your business, instilling trust in customers and potential customers.</p>	<p>Website Design We incorporate branding, business identity, vision and message all in one. As a small business, you need an easy-to-use online presence that draw clients in with responsive web design. We assist with all phases of the web design process, from consultation to wireframing to final design.</p>	<p>Mobile App Design We truly understand the importance of mobile user interface design and the role it plays in keeping your audience coming back time and again. We help your business succeed with our mobile app design services for iOS, Android, and cross-platform needs.</p>
<p>Graphic/Print design The other side of the marketing token is graphic and print design - just as important as your website. From eye catching flyers to professional business cards, our talented designers will make your branding consistent.</p>	<p>Video Marketing Affordable videos design for small businesses looking to compete with large companies. We offer cutting-edge videos for company websites, blogs and social media, with a focus on 10- to 60-second YouTube videos.</p>	<p>Web Development Mobile first, responsive design: this is what we do. Our web development expertise lies in a solid knowledge of PHP, SQL, HTML, CSS, JavaScript, JAVA, web 2.0 and more. From writing markup to coding, we do it all.</p>
<p>Reputation Management Watch your business soar by focusing on your company's reputation. We arm you with all the tools you need to maintain a positive online reputation, from managing reviews to managing your online profiles.</p>	<p>Listings & Citation Building Improve your domain authority and generate more leads with our complete citation management platform. Take control of your local citations and watch your SEO rankings increase significantly!</p>	<p>Live Chat Every website project gets a free live chat platform. You can manage it on your own or we will do it for you. Increase trust in your brand, boost sales and improve customer satisfaction with our live chat offerings.</p>
<p>Google My Business Google My Business has never been more important, especially as Google continues to add more and more options to its platform. We make it easy to manage your online presence across Google, including Search and Maps.</p>	<p>WIFI Marketing Offering Wi-Fi for your customers. Grow your email and text marketing list with our brand-new Wi-Fi marketing tools. Coming soon... perfect for building your small business!</p>	<p>Search Engine Optimization SEO SEM Grow your organic traffic with our SEO marketing services, starting at just \$69 for local SEO. From free SEO audits to Keywords and landing page integration, we can provide a total solution for your business.</p>
<p>Pay-Per-Click PPC campaigns for Google AdWords, Facebook and Instagram help to generate calls and web traffic. Boost traffic to your website, control advertising costs and increase brand recognition with our PPC services.</p>	<p>Email Marketing Offering a simple marketing solution for boosting your bottom line. Strengthen relationships with your existing clients with consistent email marketing strategies, giving you the broadest reach of all channels available.</p>	<p>Social Media Marketing Build a strong and consistent social network strategy today. Manage your own or we can manage it all for you. Our social media experts will monitor and update your social accounts, deals, promotions and more.</p>
<p>Digital Signage Perfect for retail stores or waiting areas, digital signage allows you to control your content, branding, ads and much more. We offer marketing for retail stores, office building, Realtors, fitness, healthcare, auto service centers and more.</p>	<p>Content Writing & Marketing Creative content is the key to attracting and converting clients. Let our writers craft effective and regular blogs, web pages, social media posts and press releases to catch the attention of your readers.</p>	<p>Microsoft Office 365 Offering Microsoft office business products with corporate e-mail systems for small- to mid-size companies. We help you collaborate, share, and communicate with flexible tools, as well as improve the efficiency of your operations.</p>
<p>Reporting You have access to weekly and monthly traffic reports, with each marketing platform having its own respective report. We use the Google Analytics tool to analyze your website traffic by collecting valuable data about your visitors.</p>	<p>Domains / URLs We have your domain here. Offering a complete all-in-one platform for managing your company assets, Domains & SSL, backed by 24/7 support, privacy protection, and an easy to use dashboard.</p>	<p>Website Hosting Small- to medium-sized businesses now have an affordable solution for hosting. It's easy to use, FAST and secure. We have many hosting plans available, all at competitive prices that you will find easy to navigate.</p>
<p>Website Builder Offering affordable mobile optimized websites. In fact, most websites launch in under an hour -- perfect for startups and small companies. Our personal website builders start at \$71.99 a year for an affordable solution.</p>	<p>Website Security Secure your website with the latest technology today with SSL, Website Backup and Malware Protection. We utilize the latest in technology to secure your website and protect your clients.</p>	<p>Online Platforms Social Media Marketing Reputation Management E-Mail Marketing Citation Building Website Push Notifications QR Code Creator</p>
