Club-A-Rama Week 4:

BEACH GIRL

The origin of this mold is unknown, but believed to have been made for a location on the New Jersey coast, most likely ATLANTIC CITY.

This moldset dates (by way of its numbering) to 1963. None of the few existing sets of this moldset are engraved to a specific location, and no specific location for its initial use can be recalled. However, the operators' best guess is that it was initially used in New Jersey, with the most likely location being ATLANTIC CITY. If anyone out there has more information about this mold, please email me at [MoldvilleMachine@gmail.com](mailto: MoldvilleMachine@gmail.com)

Disclaimers: The color and/or exact condition of the MOLD you get in the CLUB-A-RAMA may or may not be as shown. Not for children under 3.
